*Re* allowances and emoluments of officers lent for employment in Native States under Foreign Service Rules.

**Serial No. 1.**—*From the First Assistant to the Hon'ble the Resident, No. 5599, dated 28th September 1905.*

Prescribes rules for regulating the remuneration that may be given to Government officers when lent for employment by Native States.

Submitted to His Highness for gracious perusal.

I suppose a copy of the rules or so far as they affect the officer concerned must be sent to every officer.

P. N. K.
5-10-05.

To Branch V. I think copies of this have to be sent to all the lent officers with a request that they will state if anything contrary thereto is being received by them. Copy has also to go to the Comptroller for attention.

B. K. V.
8-10-05.

Draft submitted for approval. It seems necessary that the whole of the Government of India orders, including the rules should be communicated to the officers concerned, as well as to certain Heads of Departments who are in charge of supplies such as carriages, furniture, convict labour, etc. As the receiving of "lava-jama" from the Palace seems distinctly prohibited, I have included the Palace officer also.

The report prescribed by the Residency is from the calendar year 1906; but in order that we may know how far the new rules have been brought into effect, I have inserted a direction to our Audit officers to submit on 1st July 1906, a comparative statement of emoluments heretofore drawn and now authorized.

**Serial No. 3**.—*From the Private Secretary to His Highness the Maharaja, No. 984, dated the 7th November 1905.*

States that the principal easements that he enjoys, *viz.*, free furnished house and carriage, were specifically sanctioned by the Government of India and that so far as they are concerned, the new orders of the Government of India do not affect him; and requests that the sanction of the Government of India may be obtained in respect of the easement, *viz.*, the free use of tents of the Durbar, while moving with His Highness the Maharaja on tour.

May the papers be forwarded to the Comptroller, Mysore Government, for favor of his remarks, before the sanction of the Government of India is applied for.

*No. 77, dated 17th November 1905.*

This question may be held over for some time.

Government will no doubt like to make a complete reference to the Government of India in one letter affecting all its borrowed officers.

The easement circular is now being carefully considered by me and the strict application of it raises very many delicate questions. For instance,—

(1) Lent officers cannot be supplied with State carriages except at market rates.

(2) When lent officers are invited as State guests, the question whether their refusal to accept provisions, conveyances, etc., would be construed as insulting, is to be considered.

(3) There are some cases, I hear, in which a Government building has been rented to a lent officer for a lower rent than to another—this should be considered also.

(4) I understand, Colonel Jones gets some concessions in the shape of use of staff quarters and free conveyances, which must be considered.

I find a difficulty in getting correct information because as an audit officer I can know of cash allowances only. Government would be in a better position to know what officers get free houses, servants, tents, labour, etc., and I would suggest that a D. O. letter may issue under Secretary's signature to each of the lent officers asking him to state whether he is now in the enjoyment of any of the easements mentioned in Rules IV, V and VI of the circular and, if so, to state which of them are paid for under existing arrangements. The officer should be requested to state all the services received through State agency whether on payment or not whether already sanctioned or not. For instance, a Government building hired on rent or a State carriage supplied on payment should be mentioned and free houses, and conveyances supplied with Government sanction, should also be mentioned.

When all the replies from the various officers are received, a precis may be prepared and the file may kindly be sent to me for my remarks and recommendations.

book obtained on each one of the above cases to enable the Mysore Government to dispose of each claim as it arises without further reference to the Resident, or the Mysore Govt may be permitted to exercise the powers of a local Government in those cases, as is done in the case of certain officers and Departments of the British Government (vide Appendix I of the C.S.R).

5. The special rate of daily allowance prescribed in art 603 of the M.S.R (viz 50 per cent over the ordinary rate) for the journeys made taken in the Kolar Gold Fields and in the Mulnad tracts, seems reasonable, and may be adopted, subject to the limit mentioned in art 1139(i) of the C.S.R. It must be noted that the special rate does not apply

On receipt of Govt Gro: No. G. 2096-2116 G.M. 123-05-2 d: the 26th oct: 1905, the Secretary, Public Works Department made a reference to the Residency requesting them to obtain the sanction of the Govt of India to the free use of Govt Bungalows by the Rent officers of the P.W.D. and to their receiving travelling allowances under the Mysore Service Regulations.

In reply the H.a Resident in his letter No. 7183 dated the 5th Dec: 1905, stated that the question might suitably be considered for all Rent officers together, and requested the Durbar to make one complete refe[rence]

Intd P.N.R. 6.12.05.

The Comptroller too was of opinion that one complete reference to the Govt of India would be better. (vide his unofficial note)

Now of all officers addressed only Major Joly de' Lotbiniere has not replied. (He is attached to the State only for a few months in the year)

In para 5 of the Residency letter, a report is called for (for the year 1905, ie due in Jan 1906) dealing with the operations of the rules of the Govt of India during 1905.

The question for decision is firstly what easements at present enjoyed are allowable by the rules of the Govt of India and what others are not so allowed; Secondly. In the case of easements prohibited by the rules of the Govt of India, the sanction of the Govt of India has to be obtained.

Submitted for orders. The Comptroller

No. 140 of 10-2-06 Chief No.

I am sorry in the pressure of other work, I was not able to dispose of this case Earlier.

In writing my note I am adopting the line which should in my opinion be adopted by Govt in drafting a report to the Hon'ble Resident, so that if Govt accepts my notes and statements as correct - they may, with any verbal alterations, be embodied in the ~~Government~~ report to the Residency.

1. I submit a statement comparing the emoluments drawn, and the Establishments enjoyed, by British Indian officers lent to the Mysore State with those specifically sanctioned by the Govt of India or admissible under the British Regulations.

2. It will be observed from the Statement that except Mr Macdonnell, Dr Heale and Mr Bason, nearly all the other officers drawn Travelling allowances under the Mysore Regulations. It might be explained that the general rates of Railway fare and road mileage are practically the same in Mysore as in British India and in

the case of rates of daily allowances they ~~rates~~ are generally fixed with regard to offices of similar ~~position~~ official status in British India and not with reference to their rank in British service. For instance, the Base the present Comptroller, can draw Rs 5 as daily allowance under the British Regulations but if he were allowed to come under the Mysore Regulations he could draw Rs 7-8 instead, since he ranks in this State as an Accountant General in British India.

3. Connected with the question of travelling allowances, ~~are~~ arise the questions of

(2) the Supply of Govt Tents

(1) Conveyance of Carriages horses of officers & rail at Govt Expense.

(3) Road mileage for marches of less than 20 miles a day.

(4) Journeys to Hill stations

(5) Special rates for Malnad or unhealthy tracts

(6) Exemption from 10 days' half mileage

As regards (1), (2) and (5), (6) Articles 1042, 1000 and 1139 & 1056 in the Civil Service

Regulations empower local Govts in British India to lay down special rules rates to suit the circumstances of each case. In Mysore specific rules are laid down in the Mysore Regulations governing the Easements and reference is requested to the following rules on the subject.

If this is not in the report then a copy of the corrected Regulations may be sent to us

| Nature of Easements. | Regulated & corresponding rules |
|---|---|
| 1. Conveyance of Carriages & horses at Govt expense | arts 518A & 579. |
| 2. Supply of Govt Tents | arts 538 538(a) & 538(b). |
| 3. Road mileage for marches of less than 20 miles only | art 562 |
| 4. Journeys to Hill stations | art 588 & 589 |
| 5. Special rates for unhealthy tracts | arts 602 & 603(a) |
| (6) Exemption from 10 days halt rule | arts 552 & 553 |

4. It is considered that the rules are somewhat liberal in Mysore and the question of their revision in some cases is engaging the attention of Govt. Meanwhile, if the Govt of India have no objection, the local rules will continue to be observed except in the

case of the three officers named above.

5. In the case of the Macnaghten the tents are supplied free and this concession should be continued. The officer is obliged to accompany H.H. the Maharajah on tour and for the reasons stated in para 3 of this letter no 984 of 7th November 1905, it is only fair that he should not be put to any extra expense on this account. As regards the T/A of this officer when he accompanies H.H. art 999 of the C.S. Regulations is applied.

6. It will be seen that Lt Heale is supplied with furniture at Govt expense. This supply was at first made without the specific sanction of the Govt of India and when the omission was found out the officer was required under orders of the Hon'ble Resident to pay 5% per annum on the total value of the furniture supplied.

7. The following further hints require special notice in connection with the statement.

In Mysore, Transport Corps is arranged for British service in times of need and a large stock of Carriages and horses are maintained for entertainment of State guests and other state purposes. When these are not required for state service, they are supplied on hire to the State officers, whether Cent or local, at uniform rates fixed by Government. The Comptroller considers that if the fees charged are very much below the market rate, they constitute an indirect Easement at the cost of the state. This is possibly correct as long as the rates are the same for the local and the Cent officers, these Services may continue as at present.

as state guests.

14. According to standing practice, the Govt officers are invited to Mysore as State guests for about three days in connection with the Birth day Ceremonies and for over a week during the Dussera holidays. Under the leave rules, all the officers whether Govt of the Govt of India or not, are entitled to draw travelling allowances and daily allowances at prescribed rates in addition to the free supply of food, conveyance and houses at Govt expense. The Comptroller has brought to notice that this is not admissible under rules as far as Govt officers are concerned and he suggests that if the prohibition of the free supply of food etc is considered a breach of the rules of hospitality then it may be ruled that in the case of Govt officers, no daily allowance should be allowed for the number of days of stay in Mysore and that only actual travelling expenses should be allowed subject to a maximum of the amount admissible under existing rules.

This is for orders.

Seen and returned. The proposed draft deals with all points which may be considered objectionable by the Residency or the Govt of India, but I would offer the following suggestion in connection with para 4 of the "Draft" letter.

No figures are given to show that the Special allowances under the Mysore Service Regulations for Special localities are "somewhat liberal", as compared with the allowances in force in the Civil Service Regulations (given in Appendix 29); & for journeys to Hill Stations Special rates are prescribed (vide Section III. Art: 1110 C.S.R.) which are not incorporated in the Civil Service Regulations but which would, on comparison with Mysore Service Regulations, be found to be probably not less liberal. So far as this Department is concerned, it is desirable that both the Imperial officers whose services have been lent to the State and officers of the local Service should be on the same footing as regards travelling allowances.

2. I would also suggest the

As regards the Macfhutchins note of 24.2.06. I may explain that under art 1139 of the C.S. Regulations the daily allowance of an officer can never exceed Rs 10 whereas here officers travelling in Malnad tracts are allowed to draw 50 percent more than the usual rate irrespective of any maximum limit.

Then again, as regards Hill Journey Rules I need not refer to anything else except the rates for Road mileage. The Private Secretary to H.H. the Maharajah is under the British Service Regulations and he can draw Road mileage at Eight annas a mile. The assistant Private Secretary is under the Mysore Regulations and he draws at the rate of twelve annas a mile!! Could anything be more ~~more~~ anomalous than this. We are bound to state the facts correctly in our report and I am afraid it is not reasonable to expect that the Govt of India would allow too liberal treatment to their officers in a Native State. The Govt of India expect that their officers in Native States should so conduct themselves as to serve as models of well-trained British Indian officers and if H. H.'s Govt beg to recommend more liberal treatment without advancing satisfactory reasons (which, I believe, do not exist worth in the MacOnochie's case) the natural impression will be that the State is anxious to give more to foreign officers to justify more for their own men. I earnestly hope that no occasion maybe given for such an impression.

The 2d clause of para 5 of the draft- may, I think, be omitted. It is somewhat misleading. We have already quoted art 538 Mysore Regulations in paragraph 3 and We may leave it to the Govt of India to judge how our rules work as compared with those

in British India. Personally I have not hitherto had occasion to use the privilege of the free use of tents here and I may assure Govt that when the occasion does come - I will not do it without special sanction of the Govt of India. I enjoy the honour of being an officer of the Enrolled dist of the Finance Deptt of the Govt of India and the injunction to each one of these officers is that he should be like "Cato's daughter" absolutely above suspicion in matters affecting him pecuniarily.

I am very strongly of opinion that the 2d part of para. 13 should remain. It is almost scandalous that Govt officers should get their full pay, should get food, quarters and every other convenience and should also make some additional profit in the way of daily allowances &c. The rule works very unequally also. Daily allowance is given to cover extra charges but here there is no extra charge & still it is given. If it is admissible, why should not the Private Secretary draw it from ?

Travelling Allowance.

Observations of the Residency.

Diverse practice at present. Some of the Govt officers draw T/a under the British C.S. Regulations and some under the M.S. Rayals.

The rules of the Govt require that all the Govt officers should draw T/a under the British Civil Service Regulations.

Attachments to Extracts from the rules of the Govt of India

(1) The M.S. rules are far more liberal than those of the B.S. Govt and admit of the grant of Concessions which are ordinarily inadmissible in British India. E.g. Carriages & Motor (a) cars.

(b) Carriage of Govt texts at Govt expense.

(c) Road mileage for marches of less than 20 miles. etc.

(2). If Govt officer lent for employment in a Native state can receive only such remuneration as has been fixed by the Govt of India at the time of his appointment to serve in the Native State and this object would be defeated, Since it is necessary within the Competence of the Darbar to alter their Regulations from time to time to suit the general requirements of the service.

The Resident having now finally settled that the tra: allce of Govt officers shuld be regulated by the rules contained in Part XI of the C. S. R. a formal order of the Mysore Government giving effect to the Resident's order from 1st June 1906 may be issued.

2. According to the rules Part XI quoted above, the orders of a Local Government are necessary in the following cases:—

i To authorize exchange of permanent tra: allce (art 1045)

ii To decide point of commencement & end of journey (art 998)

iii To declare shortest route between any two stations (art 999 b).

iv To determine rate of deduction from tra: allce when means of locomotion are provided by the State (art 999 ii)

v To exempt officers from the 10 days' halt rule (art 1056)

vi To grant actual expense for keeping up camp equipage for halts at Head Quarters (art 1059)

vii To grant actual expenses of mountaining camp, to our officers compelled to leave it in case of sudden emergency (art 1061).

viii To increase daily and mileage rates in special localities (art 1139)

ix To permit travelling allce by other than the shortest or cheapest route (art 997)

x To sanction carriage of Camp equipment & horses by rail (art 1000)

xi To prescribe limitations regarding carriage of Camp equipment & horses by rail (art 1001).

xii To prescribe scale of tents (art 1042(a))

3. The term "Local Government" used in the C.S.R. is apparently a Local Government of the British Administration, but in the case of officers lent to Mysore, it is doubtful whether it means (1) "the Mysore Govt", (2) "the Resident in Mysore", or (3) the

after Local Governments to which the officers originally belonged. In the case of Cutler (i.e 2+3) it will be inconvenient and unnecessary for the Mysore Government to go to them for orders in routine matters, and it will therefore be sufficient if we only obtain their orders in matters of importance as explained in the next para.

4. Cases 8+12 mentioned in para 2 are dealt with separately in paras 5+6.

Cases 2, 3, 4+9 are ordinary and may be left to the Mysore Government for disposal.

Cases 1, 5, 6, 7, 10+11 may be considered important requiring the orders of the Resident, and a general order of the authority, which may be taken as Local Government for the purposes of the Regulations may be

6. A statement showing the number of tents used by the Dist officers, their measurement, and their estimated value is, as compiled from the statements received from them, herewith sent in the form prescribed by the Madras Government. A scale of tents to be supplied to the officers of the Mysore Government is laid down in art 538 of the M. S. R. and as shown in column 8 of the st. the same may, I think, be adopted.

In para 6 of the First Assistant Resident's letter mention is made of the individual case of only Mr. Macconochie, but as the case of Lt. Neale is of a similar nature, the orders of the Resident may be obtained in his case also.

7. Another point to be settled in connection with travelling allowance is the rate of travelling allowance to certain officers. Public Works officers are generally permitted to draw the pay of the grade next above that to which they belong. Under that ruling, or on the grounds

their
of holding the posts of Chief Engineer and Supg: Engineer Mr McEachin and Mr Whiteley draw Rs 7-8-0 + Rs 6-0 a day, the rates fixed for the officers of corresponding rank in British service, while they are entitled to only Rs 6 + Rs 5 respectively on their status proper in the British service. Accordingly Capt^n Trail, Supg Engr, who is entitled to only Rs 5/ a day as first class officer in the British service, draws Rs 6/ as Supg Engineer here.

Mr Muthanna, Conservator of Forests in Mysore also draws the same special rates of tra: allow^ce as are prescribed for the Conservator in Madras, while he is entitled to ordinary rates admissible to first class officers in British service -).

8. As regards the supply of transport ponies and State carriages on hire, the Military Assistant explains that the Cent Officers are allowed to hire Government carriages or Transport riding ponies on exactly the same terms as those Officers who belong entirely to the Mysore State service.

and the copies of the rules on the subject are herewith sent. An exception is alleged to have been made in the case of the Inspecting Officer Hyderabad & Mysore I. S. Cavalry who is supplied with a Victoria and a pair of ponies free of charge when in Bangalore pending the sanction of the Government of India, but it has no bearing on the present question.

9. Separate rules are, I understand, being framed by the Dewan for granting tra: allce to all the officers (local & Cent) invited to Mysore as State guests in connection with H.H. the Maharaja's birthday and the Dasara, and no further remarks seem necessary in the matter.

10. In regard to the payment of fees for services in connection with the Government local examinations, the funds of the examination are administered by the Durbar, and their receipts & payments are shown in the public accounts as State revenue and expenditure.

The draft as revised by me is submitted herewith. It embodies the Comptroller's views except in respect of three particulars viz

(i) Under chapter XI of the Civil Service Regulations the sanction of

the Local Govt. is necessary in certain specified cases. The Comptroller proposes, as one of the alternatives, that certain cases may be treated as routine so as not to require the sanction of the Govt. of India or the Local Govt. concerned, while the others may be regarded as important ones requiring such sanction. The draft proposes that this power may be delegated to the Govt. of His Highness for the reasons set forth in para 2 of the draft.

(11) The next point is about special mileage rates: para 2(b) of the draft. In para 5 of his note the Comptroller observes "it must be noted that the special rate does not apply to mileage"; whereas the Residency letter (para 4) expressly states that special rates of mileage as well as daily allowances must be prescribed. The Mysore Service Regulations do not recognize special rates of mileage. In this view the Comptroller's observation is doubtless correct; but the proposal is to apply the provisions of chapter XI of the Civil Service Regulations to Govt officers but not those of the Mysore

Service Regulations. Under the former special rates of mileage are allowed in special tracts. Shld there arise the question whether the Malnad & the Gold Fields are such tracts as necessitate special mileage rates. Both the tracts have been opened up and contain first class roads. Many a point therein is connected with train service. Appx 29 of the C. S. R mentions the tracts with reference to which special mileage rates are allowed. ~~Besides~~ Most of these seem to be comparatively backward as regards means of communications including train service. It is therefore a point for decision whether the Resident's suggestion that a special mileage rate of ½ half as much again as the ordinary, may be adopted with reference to both of these tracts or either. The draft however, retains the special rate as regards both the areas:

(iii) The third point is about Examination fees. The Comptroller's note (last para) suggests that para may be taken on behalf of the Mysore Govt to sanction payment of fees up to Rs 100, the Resident's sanction being necessary to

Payment of large sums. But this very much falls short of the Extent of powers which para 5-iv- of the Residency letter proposes to delegate to the Mysore Govt- viz up to Rs500- The power of sanction possessed by Govt- in British India as regards charges on provincial revenues. The draft agrees to the views of the Resident.

R. P. B.—8-1905.—500

Letter No. 5599

From

R. C. H. MOSS KING, Esq., I. C. S.,
FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 28th September 1905.

Sir,

I am directed to refer to the correspondence ending with Mr.Venkatavaradiengar's letter Pol No.106, dated 3rd August 1904, regarding the allowances and emoluments of officers lent for employment in Native States under Foreign Service Rules.

2. Under existing orders,Government officers whose service have been so lent are prohibited from accepting without the sanction of Government,any remuneration or emolument,whether in the form of money allowances or of conveniences or privileges which have a pecuniary value. Not long ago,however,circumstances came to light which led to the belief that these orders were being disregarded and accordingly enquiries were instituted to ascertain whether,and if so to what extent,this was actually the case.

3. The results of this enquiry show that in a very large number of cases, officers lent to Native States have,in defiance of clear orders to the contrary,permitted themselves to receive from the Durbars a great variety of allowances in addition to their pay,as well as perquisites,such as rent-free houses,furniture, the use of carriages and horses,tents,fuel,fodder,lighting,labour,and in some cases,supplies. In the large majority of cases these irregular

emoluments have come into being without the sanction or even the knowledge of the Government of India and in some instances without that of the local Political officers.

4. When a Government officer is lent for employment in a Native State, the Government of India reserve to themselves the right to fix the remuneration which he may receive from his foreign employer partly in order to safeguard the interests of the latter, partly because it is inexpedient that such officers should accept from the Durbars remuneration largely in excess of that which they would receive from Government for the performance of similar duties in British India. It is manifest that this important condition is liable to be defeated if lent officers are permitted to accept from the Durbars without the previous knowledge or sanction of the Government of India, any addition to the remuneration expressly sanctioned by Government. It has accordingly been decided to lay down the following rules, which will in future regulate the remuneration that may be given to Government officers when lent for employment by Native States. The rules will apply in their entirety to every officer whose services may be so lent after the 18th August 1905. The Governor General in Council desires it to be clearly understood that he attaches the utmost importance to the scrupulous observance of the orders, in letter and in spirit, by officers of every rank, whether high or low, and that any breach thereof will render the offender liable to be summarily removed from his appointment.

## R U L E S.

1.(a) No Government officer whose services have been lent for employment in a Native State is permitted to receive from the Durbar any remuneration or emolument, whether in cash or otherwise except such as has been expressly sanctioned by the Government of India in the orders placing his services at the disposal of the State.

(b) If the orders are silent as to any particular form of remuneration the intention is that it shall not be received.

(c) The kind of emolument contemplated by this rule includes (1) cash allowances of every kind, such as fixed travelling, horse, conveyance,

local

local and personal allowances and house rent;(2)such conveniences as rent-free houses,furniture,horses and carriages,tents,boats,and transport while on tour;and (3)such services as lighting whether by oil gas or electricity,fuel,fodder,supplies of every description, servants and labour,whether salaried or convict

It must however be clearly understood that this list is merely for purposes of illustration and is not exhaustive. The prohibition extends to every addition to salary whatsoever,whether in cash or

II.(a) When a Local Government or Administration or a Political Officer desires to recommend the loan of an officer's services for employment under a Native State,they or he shall when submitting the recommendation,specify precisely the salary which it is proposed that the officer shall receive: and if it is desired that any addition to salary shall be sanctioned,the exact nature and value thereof,together with the reasons for recommending it,shall be submitted simultaneously.

(b)The orders of the Government of India sanctioning the loan of the officer's services shall recapitulate precisely the salary and additions thereto,if any,which it may be decided to sanction;and,as stated in Rule I,it is those allowances only which are expressly enumerated in the order of sanction,and no others,that the officer is permitted to receive.

III. The following additions to salary will ordinarily be sanctioned where recommended:-

(a) Contribution towards leave and pension under the rules of the Civil Service Regulations.

(b)Exchange compensation allowance,in the case of officers who were drawing it prior to the loan of their services to the Native State, and to whom the State desires to grant it,and

(c) Travelling allowance under the ordinary rules of the Civil Service Regulations.

N.B.-This does not extend to fixed monthly travelling allowances,or conveyance or horse allowances: these will only be sanctioned in special cases where the circumstances so require.

IV. The following additions to salary(of which examples are not

not infrequent) will not be sanctioned in any circumstances,viz., lighting,fuel,fodder,supplies of any description,whether at head-quarters or on tour,servants,and labour whether salaried or convict.

V (a)The supply at the cost of the Durbar,of tents,boats,and transport while on tour will ordinarily be sanctioned in circumstances in which it would be sanctioned in the case of an officer of corresponding position in British India,and on a similar scale. In such cases,the officer will be required to conform to the rules in the Civil Service Regulations regulating the travelling allowance of officers supplied,or partially supplied,with the means of locomotion at the cost of Government.

(b) As an exception to the foregoing rule(a) transport while on tour may, if recommended,be sanctioned,for Native Officers only, on a more extensive scale than in the case of similar officers in British India. In such cases,however, the recommendation should be accompanied by proposals for an equivalent reduction of the travelling allowance admissible to the officer under the ordinary rules.

VI. (a)In the case of the following additions to salaries,viz., rent-free houses,furniture,and the use of a conveyance and horses,a distinction is drawn between European and Native officers.It should be understood however that in neither case are any of the additions permitted except with the previous sanction of the Government of India

(b)In the case of a European officer,the use of a rent-free house will not ordinarily be permitted.An exception may however be sanctioned if at the place where he is required to reside,there is no house in which he may reasonably be expected to live except such as are the property of the Durbar.In such a case,rent at a fair rate(to be approved by Government)should be paid to the Durbar if the latter is willing to receive it.

Neither furniture,nor the use of a conveyance and horses will ordinarily be sanctioned for a European officer.If for any reason these are recommended and sanctioned the scale class and number that may be sanctioned must strictly be adhered to and on no account exceeded.

If a rent-free house,furniture,conveyance or horses are sanctioned,

an

an equivalent reduction in the officer's salary must be simultaneously proposed for the approval of Government.

(c)In the case of a Native Officer,a rent-free house or furniture or a carriage and horses will ordinarily be sanctioned only,if having regard to the nature of the appointment which the Native Officer fills,it is in accordance with local custom and with the express wishes of the Durbar. In every such case however(1)the sanctioned scale must be strictly adhered to,and(2) an equivalent reduction in the officer's salary must be simultaneously proposed for the approval of Government.

VII. A copy of these Rules should be forwarded by the Audit officer concerned-

(a) to every officer of Government now in foreign service under any Native State;

(b)to every such officer who may now be on leave,immediately on his return from leave;

(c)to every officer whose services may hereafter be lent for employment in a Native State;in such cases the Rules should be attached to the orders which it is the duty of the Audit officer to issue regarding the payment of contributions for leave and pension;

(d) to every such officer now or hereafter lent for employment in a Native State whose engagement terminates and is renewed,on the renewal of his engagement.

5. I am to request that steps may be taken to enforce the above rules in the case of all officers who may hereafter be lent for employment under the Government of His Highness the Maharaja of Mysore. The Offg: Resident will be obliged if, at the end of every year beginning with the 1st January 1906,the Durbar will be so good as to furnish a report dealing with the operation of the orders during that period.

6. In regard to the case of the officers whose services have already been lent to the Durbar, I am to communicate the following orders:-

(i)The additions to salary enumerated in Rule III in paragraph 4 supra

supra will be assumed to have been duly sanctioned in respect of any officer who was actually in receipt of them on the 18th August 1905.

(2)The additions to salary enumerated in RuleIV,xix.,xxxx,xxxxx,xxx must be absolutely and permanently discontinued in every case with effect from the above date.

(3)As regards the services enumerated in Rule V,viz.,tents,boats and transport,while on tour,the provisions of that rule should be enforced with effect from the above date. If the Durbar desire to make any recommendation in favour of any Native Officer in accordance with the provisions of Rule V(b) proposals for reduction of the travelling allowance otherwise admissible to him should be submitted simultaneously.

(4) In the case of officers who,without the express sanction of the Government of India are in enjoyment of the use of furniture or of carriages and horses,the property of the Durbar,their use may be continued for a short time,until the officers concerned have been able to make their own arrangements. In no circumstances, however,may this concession be permitted to continue beyond the 31st December 1905. If the Durbar desire in the case of any native officer,to submit any recommendation in respect of the use of furniture or of carriages and horses,this should be done without delay. In cases where this is not done,or where sanction is not accorded,the orders contained in the preceding sub-paragraph will apply, i.e., the privilege will cease with effect from the 31st December 1905.

Note.- In addition to Native Officers,this clause may be held applicable to European Officers who hold the position of Private Secretary ,Tutor or Guardian to any Native Chief.

(5)In the case of officers who without the express sanction of the Government of India are in possession of rent-free houses supplied by the Durbar,the same principle will apply as in the case of furniture and carriages and horses,except that if it should be decided that the officer may be permitted to continue to occupy the house,rent at a fair rate,to be approved by

Government

Government must be paid to the Durbar, with effect from the 6th September 1905. If in any case the Durbar be unwilling to accept rent, an equivalent reduction of the officer's salary will have to be made with the approval of the Government of India.

(6) Lastly, if in any individual case the Durbar should be of opinion that serious hardship would be caused by the immediate withdrawal from any existing incumbent of any of the unauthorized privileges(other than those mentioned in Rule IV) which might have been ~~sanctioned~~ sanctioned if the conditions of employment of the officer were now being settled for the first time, a report should be submitted to the Residency for the orders of the Government of India. Inasmuch however, as the existing orders on the subject should have been perfectly well known to all the officers concerned, and as the disregard of them which has come to the knowledge of Government has in many instances been of a serious character, the Governor General in Council does not anticipate that a case can be made out for many such exceptions and expects them to be put forward only in circumstances of urgent necessity. Pending receipt of sanction to any exceptions that may be allowed, the orders contained in the foregoing clauses of this letter should be enforced in all cases.

I have the honour to be,

Sir,

Your most obedient servant,

First Assistant Resident.

*Proceedings of the Government of His Highness the Maharaja of Mysore.*

READ:—

Letter No. 5599, dated the 28th September 1905, from the First Assistant to the Honourable the Resident in Mysore.

"I am directed to refer to the correspondence ending with Mr. Venkata Varada Iyengar's letter Pol. No. 106, dated the 3rd August 1904, regarding the allowances and emoluments of officers lent for employment in Native States under Foreign Service Rules.

2. Under existing orders, Government Officers, whose services have been so lent, are prohibited from accepting without the sanction of Government, any remuneration or emolument, whether in the form of money allowance or of conveniences or privileges which have a pecuniary value. Not long ago, however, circumstances came to light which led to the belief that these orders were being disregarded and accordingly enquiries were instituted to ascertain whether, and if so to what extent, this was actually the case.

3. The results of this enquiry show that in a very large number of cases, officers lent to Native States have, in defiance of clear orders to the contrary, permitted themselves to receive from the Durbars a great variety of allowances in addition to their pay, as well as perquisites such as rent-free houses, furniture, the use of carriages and horses, tents, fuel, fodder, lighting, labour, and in some cases, supplies. In the large majority of cases these irregular emoluments have come into being, without the sanction or even the knowledge of the Government of India, and in some instances without that of the local Political Officers.

4. When a Government Officer is lent for emloyment in a Native State, the Government of India reserve to themselves the right to fix the remuneration which he may receive from his foreign employer, partly in order to safeguard the interests of the latter, partly because it is inexpedient that such Officers should accept from the Durbars remuneration largely in excess of that which they would receive from Government for the performance of similar duties in British India. It is manifest that this important condition is liable to be defeated, if lent Officers are permitted to accept from the Durbars, without the previous knowledge or sanction of the Government of India, any addition to the remuneration expressly sanctioned by Government. It has accordingly been decided to lay down the following rules, which will in future regulate the remuneration that may be given to Government Officers when lent for employment by Native States. The rules will apply in their entirety to every officer whose services may be so lent after the 18th August 1905. The Governor General in Council desires it to be clearly understood that he attaches the utmost importance to the scrupulous observance of the orders, in letter and in spirit, by officers of every rank, whether high or low, and that any breach thereof will render the offender liable to be summarily removed from his appointment.

RULES.

1. (*a*) No Government Officer whose services have been lent for employment in Native States is permitted to receive from the Durbar any remuneration or emolument, whether in cash or otherwise, except such as has been expressly sanctioned by the Government of India in the orders placing his services at the disposal of the State.

(*b*) If the orders are silent as to any particular form of remuneration the intention is that it shall not be received.

(*c*) The kind of emolument contemplated by this rule includes—

85 (13

(1) cash allowances of every kind, such as fixed travelling, horse, conveyance, local and personal allowances and house rent;

(2) such conveniences as rent-free houses, furniture, horses and carriages, tents, boats, and transport while on tour; and

(3) such services as lighting, whether by oil gas or electricity, fuel, fodder, supplies of every description, servants and labour, whether salaried or convict.

It must, however, be clearly understood that this list is merely for purposes of illustration and is not exhaustive. The prohibition extends to every addition to salary whatsoever, whether in cash or not.

II. (*a*) When a Local Government or Administration or a Political Officer desires to recommend the loan of an Officers's services for employment under a Native State, they or he shall, when submitting the recommendation, specify precisely the salary which it is proposed that the officer shall receive: and if it is desired that any addition to salary shall be sanctioned, the exact nature and value thereof, together with the reasons for recommending it, shall be submitted simultaneously.

(*b*) The orders of the Government of India sanctioning the loan of the Officer's services shall recapitulate precisely the salary and additions thereto, if any, which it may be decided to sanction; and, as stated in Rule 1, it is those allowances only which are expressly enumerated in the order of sanction, and no others, that the Officer is permitted to receive.

III. The following additions to salary will ordinarily be sanctioned where recommended:—

(*a*) Contribution towards leave and pension under the rules of the Civil Service Regulations.

(*b*) Exchange compensation allowance, in the case of Officers who are drawing it prior to the loan of their services to the Native State, and to whom the State desires to grant it, and

(*c*) Travelling allowance under the ordinary rules of the Civil Service Regulations.

N.B.—This does not extend to fixed monthly travelling allowances, or conveyance or horse allowances: these will only be sanctioned in special cases where the circumstances so require.

IV. The following additions to salary (of which examples are not infrequent) will not be sanctioned in any circumstances, *viz.*, lighting, fuel, fodder, supplies of any description, whether at head-quarters or on tour, servants, and labour, whether salaried or convict.

V. (*a*) The supply at the cost of the Durbar, of tents, boats and transport while on tour will ordinarily be sanctioned in circumstances in which it would be sanctioned in the case of an Officer of corresponding position in British India, and on a similar scale. In such cases, the Officer will be required to conform to the rules in the Civil Service Regulations regulating the travelling allowance of Officers supplied, or partially supplied, with the means of locomotion at the cost of Government.

(*b*) As an exception to the foregoing rule (*a*) transport while on tour may, if recommended, be sanctioned for Native Officers only, on a more extensive scale than in the case of similar Officers in British India. In such cases, however, the recommendation should be accompanied by proposals for an equivalent reduction of the travelling allowance admissible to the Officer under the ordinary rules.

VI. (*a*) In the case of the following additions to salaries, *viz.*, rent-free houses, furniture, and the use of a conveyance and horses, a distinction is drawn between European and Native Officers. It should be understood, however, that in neither case are any of the additions permitted, except with the previous sanction of the Government of India.

(*b*) In the case of a European Officer, the use of a rent-free house will not ordinarily be permitted. An exception may, however, be sanctioned, if at the place where he is required to reside, there is no house in which he may reasonably be expected to live, except such as are the property of the Durbar. In such a case, rent at a fair rate (to be approved by Government) should be paid to the Durbar, if the latter is willing to receive it.

Neither furniture, nor the use of a conveyance and horses will ordinarily be sanctioned for a European Officer. If for any reason these are recommended and sanctioned, the scale, class and number that may be sanctioned must strictly be adhered to, and on no account exceeded.

If a rent-free house, furniture, conveyance or horses are sanctioned, an equivalent reduction in the officer's salary must be simultaneously proposed for the approval of Government.

(*c*) In the case of a Native Officer, a rent-free house or furniture or a carriage and horses will ordinarily be sanctioned only if, having regard to the nature of the appointment which the Native Officer fills, it is in accordance with local custom and with the express wishes of the Durbar. In every such case, however, (1) the sanctioned scale must be strictly adhered to, and (2) an equivalent reduction in the officer's salary must be simultaneously proposed for the approval of Government.

VII. A copy of these rules should be forwarded by the Audit Officer concerned :—

(*a*) to every Officer of Government now in Foregin Service under any Native State ;

(*b*) to every such Officer who may now be on leave, immediately on his return from leave ;

(*c*) to every Officer whose services may hereafter be lent for employment in a Native State ; in such cases the rules should be attached to the orders which it is the duty of the Audit Officer to issue regarding the payment of contributions for leave and pension ;

(*d*) to every such Officer, now or hereafter lent for employment in a Native State whose engagement terminates and is renewed, on the renewal of his engagement.

5. I am to request that steps may be taken to enforce the above rules in the case of all Officers who may hereafter be lent for employment under the Government of His Highness the Maharaja of Mysore. The Officiating Resident will be obliged if, at the end of every year beginning with the 1st January 1906, the Durbar will be so good as to furnish a report dealing with the operation of the orders during that period.

6. In regard to the case of the Officers whose services have already been lent to the Durbar, I am to communicate the following orders :—

(1) The additions to salary enumerated in Rule III in paragraph 4 supra will be assumed to have been duly sanctioned in respect of any officer who was actually in receipt of them on the 18th August 1905.

(2) The additions to salary enumerated in Rule IV must be absolutely and permanently discontinued in every case, with effect from the above date.

(3) As regards the services enumerated in Rule V, *viz.*, tents, boats and transport, while on tour, the provisions of that rule should be enforced with effect from the above date. If the Durbar desire to make any recommendation in favour of any Native Officer in accordance with the provisions of Rule V (*b*), proposals for reduction of the travelling allowance otherwise admissible to him should be submitted simultaneously.

(4) In the case of Officers who, without the express sanction of the Government of India are in enjoyment of the use of furniture or of carriages and horses, the property of the Durbar, their use may be continued for a short time, until the officers concerned have been able to make their own arrangements. In no circumstances, however, may this concession be permitted to continue beyond the 31st December 1905. If the Durbar desire in the case of any Native Officer, to submit any recommendation in respect of the use of furniture or of carriages and horses, this should be done without delay. In cases where this is not done, or where sanction is not accorded, the orders contained in the preceding sub-paragraph will apply, *i.e.*, the privilege will cease with effect from the 31st December 1905.

NOTE.—In addition to Native Officers, this clause may be held applicable to European Officers who hold the position of Private Secretary, Tutor or Guardian to any Native Chief.

(5) In the case of Officers who without the express sanction of the Government of India are in possession of rent-free houses supplied by the Durbar, the same principle will apply as in the case of furniture and carriages and horses, except that if it should be decided that the Officer may be permitted to continue to occupy the house, rent at a fair rate, to be approved by Government, must be paid to the Durbar, with effect from the 6th September 1905. If in any case the Durbar be unwilling to accept rent, an equivalent reduction of the Officer's salary will have to be made with the approval of the Government of India.

(6) Lastly, if in any individual case the Durbar should be of opinion that serious hardship would be caused by the immediate withdrawal from any existing incumbent of any of the unauthorized privileges (other than those mentioned in Rule IV) which might have been sanctioned if the conditions of employment of the Officer were now being settled for the first time, a report should be submitted to the Residency for the orders of the Government of India. Inasmuch, however, as the existing orders on the subject should have been perfectly well known to all the Officers concerned, and as the disregard of them, which has come to the knowledge of Government, has in many instances been of a serious character, the Governor-General in Council does not anticipate that a case can be made out for many such exceptions, and expects them to be put forward only in circumstances of urgent necessity. Pending receipt of sanction to any exceptions that may be allowed, the orders contained in the foregoing clauses of this letter should be enforced in all cases."

From N. J. Bacon Esqr
Comptroller to the Govt
27th November 1905.

Dear Sir, Office of the Lady & Govt Gen. to the Govt

In reply to your letter No.G.2613-26/G.M. 123-05-4 I beg to say that I am not in the enjoyment of any of the easements mentioned in Rules IV, V and VI of the Rules regulating the grant of easements to Lent officers, either on payment or without payment.

I may, however, report for your information that during the last Birth day Durbars in Mysore- I received as a State guest, free house, free food and free conveyance from the Government. I could not object to these temporary easements because I felt that a refusal might give offence, and I therefore decided not to draw the daily allowances to which I was entitled for the days of my stay in Mysore. I drew only the railway fare and met the expenses of taking my private servant to Mysore and back out of my own pocket.

As regards menial servants, I found on joining my present appointment here that the usual practi

for

for the Comptroller was to utilise the services of some of the office peons for household work. By the terms of my appointment- I am forbidden to adopt any such course, and I therefore was able to make some reductions in the number of peons for the Comptroller. At present, however, an office peon on Rs.6 attends my house chiefly for any office work that may turn up while I am at home beyond office hours and for this I give him his food and he gets his pay from office. It happens sometimes, in circumstances beyond my control, that I am obliged to employ the peon on private work, when this is the case, and he does not attend office- I always disburse the pay for the day myself and deduct the amount from the Government pay bill in the Column for "Fines and Savings".

Yours truly,

Comptroller.

With reference to para 6 (3) of your letter no. 5599 of the 28th September last, to the address of the Dewan of Mysore in which it is laid down that as regards the Services enumerated in Rule V (a), viz tents, boats &c while on tour the provisions of that rule should be enforced with effect from the 18th August last; I have the honour to bring to your notice that under article 538 of the Mysore Service Regulations (extract enclosed for reference) all officers in the Mysore Local Service are allowed the free use of Government tents when on tours of inspection; and hitherto Superior officers sent to this Department of the State have been enjoying this privilege. If, under the ruling quoted above, it be considered necessary that the Sanction of the Government of India should be obtained for the free use of Gover-

Submit replies to this office No. G. 2613-26, dated 22nd November 1905, *re* the easements enjoyed by them.

On receipt of Government Proceedings No. G. 2096-2116—G. M. 123-05-2, dated the 26th October 1905, the Secretary, Public Works Department, made a reference to the Residency requesting them to obtain the sanction of the Government of India to the free use of Government (Durbar) tents by the lent officers in the Public Works Department and to their receiving travelling allowances under the Mysore Service Regulations.

In reply, the First Assistant Resident in his letter No. 7183, dated the 5th December 1905, stated that the question might suitably be considered for *all* lent officers together, and requested the Durbar to make one complete reference accordingly. On this reference are recorded the following orders of the Dewan :—"General and Public Works Secretaries will work together and act in consultation with the Comptroller and Examiner and produce a draft."

P. N. K.
6-12-05.

The Comptroller too was of opinion that one complete reference to the Government of India would be better. (*Vide* his unofficial notes.)

Now of all officers addressed only Major Joly de Lotbiniere has not replied. He is attached to the State only for a few months in the year.

In para 5 of the Residency letter, a report is called for (for the year 1905, *i. e.*, due in January 1906) dealing with the operations of the rules of the Government of India during 1905.

The question for decision is, firstly, what easements at present enjoyed are allowable by the rules of the Government of India and what others are not so allowed. Secondly, in the case of easements prohibited by the rules of the Government of India, the sanction of the Government of India has to be obtained.

Submitted for orders.—The Comptroller, the Secretary, Public Works Department, the Examiner, Public Works Accounts, have to be consulted as directed by the Dewan.

The reports from the Comptroller and the Examiner, Public Works Accounts, called for in Government Proceedings No. 2096-2116—G. M. F. 123-05-2, dated 26th October 1905, have not yet been furnished by them.

If these papers are circulated to them for their opinion, it is submitted they will be able to furnish their reports once for all, dealing with all the easements at present enjoyed by the several lent officers.

Forwards a statement showing emoluments drawn by lent officers in the Public Works Department.

No. 140, dated 10th February 1906.

I am sorry in the pressure of other work, I was not able to dispose of this case earlier.

In writing my note I am adopting the line which should, in my opinion, be adopted by Government in drafting a report to the Hon'ble the Resident, so that if Government accepts my notes and statements as correct, they may with only verbal alterations, be embodied in the report to the Residency.

1. I submit a statement comparing the emoluments drawn, and the easements enjoyed, by British Indian officers lent to the Mysore State with those specifically sanctioned by the Government of India or admissible under the British Regulations.

2. It will be observed from the statement that except Mr. Maconochie, Lieut. Heale and Mr. Basu, nearly all the other officers draw travelling allowances under the Mysore Regulations. It may be explained that the general rates of railway fare and road mileage are practically the same in Mysore as in British India, and in the case of rates of daily allowances they are generally fixed with regard to officers of similar official status in British India and not with reference to their rank in British Service. For instance, Mr. Basu, the present Comptroller, can draw Rs. 5 as daily allowance under the British Regulations, but if he were allowed to come under the Mysore Regulations he could draw Rs. 7-8-0 instead, since he ranks in this State as an Accountant-General in British India.

3. Connected with the question of travelling allowances, arise the questions of—

(1) Conveyance of carriages and horses of officers by rail at Government expense.
(2) The supply of Government tents.
(3) Road mileage for marches of less than 20 miles a day.
(4) Journeys to Hill stations.
(5) Special rates for Malnad or unhealthy tracts.
(6) Exemption from 10 days' halt rule.

As regards (1), (2), (5) and (6), Articles 1042, 1000, 1139 and 1056 in the Civil Service Regulations empower Local Governments in British India to lay down special rates to suit the circumstances of each case. In Mysore specific rules are laid down in the Mysore Regulations governing the easements and reference is requested to the following rules on the subject:—

| *Nature of easements.* | *Regulated by Code rules.* |
|---|---|
| 1. Conveyance of carriages and horses at Government expense ... ... ... | ... Arts. 518A and 519. |
| 2. Supply of Government tents ... ... | ... Arts. 538, 538(*a*) and 538 (*b*). |
| 3. Road mileage for marches of less than 20 miles a day ... ... ... | ... Art. 562. |
| 4. Journeys to Hill stations ... ... | ... Arts. 588 and 589. |
| 5. Special rates for unhealthy tracts ... | ... Arts. 602 and 603(*a*). |
| 6. Exemption from 10 days' halt rule ... | ... Note under Arts. 552 and 558. |

4. It is considered that the rules are somewhat liberal in Mysore and the question of their revision in some cases is engaging the attention of Government. Meanwhile, if the Government of India have no objection, the local rules will continue to be observed except in the case of the three officers named above.

5. In the case of Mr. Maconochie the tents are supplied free and this concession should be continued. The officer is obliged to accompany His Highness the Maharaja on tour and for the reasons stated in para 3 of his letter No. 9[illegible] November 1905, it is only fair that he should not be put to any extra expense on this account. As regards the travelling allowance of this officer when he accompanies His Highness' Article 999 of the Civil Service Regulations is applied.

6. It will be seen that Lieut. Heale is supplied with furniture at Government expense. This supply was at first made without the specific sanction of

Government of India and when the omission was found out, the officer was required under orders of the Hon'ble the Resident to pay 5 per cent per annum on the total value of the furniture supplied.

7. The following further points require special notice in connection with the statement.

*Supply of Transport ponies and State carriages on hire.*

In Mysore, Transport Corps is arranged for British service in times of need and a large stock of carriages and horses are maintained for entertainment of State guests and other State purposes. When these are not required for State service, they are supplied on hire to the State officers, whether lent or local, at uniform rates fixed by Government. The Comptroller considers that if the fees charged are very much below the market rates, they constitute an indirect easement at the cost of the State. This is possibly correct, but as long as the rates are the same for the local and the lent officers, these services may continue as at present.

*Use of a free furnished room in the "Staff Quarters," Mysore, by Lieutenant-Colonel Smyth, Lieutenant Colonel Jones and Mr. McHutchin, when proceeding to that City on duty.*

8. The Staff Quarters belong to Government and the rooms are now used by the officers named without payment in place of travellers' bungalows. In future a fee of Rs. 2 per day may be charged for the number of days the quarters are occupied by these officers.

For the reasons stated by Colonel Jones, he may also be charged Re. 1 a day in future for the use of the Cottage at Kunigal, which serves as a travellers' bungalow.

*Convicts employed by Colonel Smyth.*

9. This officer is also the Inspector-General of Prisons. The convicts, it is reported, work in his general and plague offices, clean the stables occupied by the clerks, ponies, etc., and water the plants in his compound. This service is objectionable and will be discontinued.

*Carriage allowance of Rs. 25 to Mr. Appaiya.*

10. This does not appear to have been given with previous sanction of Government. The circumstances should now be explained and sanction asked for.

*Free dak at the disposal of Colonel Jones for accompanying guests.*

11. If, as is understood from this, Colonel Jones draws the full rates of travelling allowances admissible under the Mysore Regulations and has the free use of the dak, then it should be ordered that this should not be done in future but travelling allowances should be drawn under Article 999 (1) of the Civil Service Regulations in all cases in which he is supplied with the means of locomotion at State expense.

*Fixed travelling allowance of Rs. 100 to Major Lotbiniere.*

12. This does not appear to have been given with the sanction of Government of India. The necessary sanction should now be obtained.

13. The above disposes of all easements enjoyed by lent officers, as entered in the annexed statement, and which require special report under the present orders. One other matter remains to be mentioned and it is the supply of free food, free conveyances and free quarters to Government officers invited to Mysore as State guests.

14. According to standing practice, the Government officers are invited to Mysore as State guests for about three days in connection with the Birthday ceremonies and for over a week during the Dasara holidays. Under the local rules, all the officers whether lent by the Government of India or not, are entitled to draw travelling allowances and daily allowances at prescribed rates in addition to the free supply of food, conveyance and houses at Government expense. The Comptroller has brought to notice that this is not admissible under rules as far as lent officers are concerned, and he suggests that if the prohibition of the free supply of

lents to the Imperial officers in the P. W. Department whose services have been lent to the Mysore State, I request that you will be so good as to move the Hon'ble the Resident in Mysore to obtain such sanction to the free use of Government. lents to the marginally* noted officers in this Department when proceeding on tour. I may here mention that no lentage allowance as that laid down in Article 1043 of Civil Service Regulations is allowed by the Mysore Government to any of its officers.

* Mr. W. Mc. Hutchin, Chief Engineer and Secretary to Government of Mysore, P.W.D.
Mr. J.J. Whitley, Superintending Engineer, Eastern Circle.
Captn: W.S. Traill. R.E., Superintending Engineer, Western Circle.
Mr. W. H. Scott, Examiner P. W. Accounts of Mysore.
Lieut. N. B. Dawes. R.E., Deputy Chief Engineer and Under Secretary to Government of Mysore. P. W. D.

2. The travelling allowances of the Imperial officers lent to the Mysore State have hitherto been regulated under the Mysore Service Regulations and not under the Civil Service

(a) 107

Regulations as required by Rule III (e).

As it is desirable that both Imperial officers and officers of the local service should be on the same footing as regards travelling allowance I request that the sanction of the Government of India may be obtained to this arrangement

To

B.K. Venkatavaradaiengar Esqr.,

Secretary to the Government of H.H. the Maharaja of Mysore, General and Revenue Departments, Bangalore.

Sir,

I have the honor to state that I am not conscious of being in receipt of any easements. I had a Government tent -- till recently when I returned it to Stores. I frequently use Government transport in my tours but pay for it at the rates -- fixed by Government. Five, sometimes ten convicts attend the office of the Inspector General of prisons which is in my compound. They work not only in my Jail office but in my general and plague offices and keep the stables occupied by the clerk's ponies etc., clean. They also water the plants in the compound and nothing else that I know of - I dont know whether this is to be regarded as being " in possession of convict servants ". But as the prisoners water my plants and I dont pay for their doing so perhaps it may be so regarded - Hence I give the facts for -- such opinion as it may please the Government of India to form on them

them.

2. When I go to Mysore City on duty I occupy a room in a house which has been divided by Government for such purpose between the Chief Engineer, the Revenue Survey Commissioner, the Military Assistant and myself.

3. I cannot think of anything else in the way of an easement which I enjoy from the Government of Mysore.

November 1905

Sir,

With reference to the queries contained in your No G. 2613-26/G.M.123-05-4 dated 22nd November 1905, I beg to state that

I. When I joined the Mysore service the house at Mysore now known as the "Staff Quarters" belonged to the appointment of Military Secretary. I however pointed out to Sir Sheshadri Iyer that I never required more than a room and suggested that to save wear and tear of Govt House furniture by Heads of Depart-ments when visiting Mysore I thought the rooms of the present Staff Quarters might be allotted to Col Grant Superintendent of Revenue Survey, The Sanitary Commissioner, The Chief Engineer and myself. This allotment was made and I still have a room whenever I want it.

Again with reference to Quarters at the Stud Farm,

II. This Breeding establishment used to be managed from the Chunda Fund and it was found advisable to maintain a cottage consisting of one large room with 2 bedrooms etc for the Mili-tary Assistant to the Commission (an appointment then held by the late Genl Sir Richard Stewart.) The bungalow has ever since belonged to the appointment I hold. In 1897 on revision of the Chunda Fund the building was taken over by Govt but has always remained entirely at my disposal. It is furnished with crockery chairs etc which have become generally worn or unfit for use at Govt House and when guests are entertained or inspections by high Officials take place any necessary extra kit is tempo-rarily obtained on loan from Govt Hou- Stores.

III. With regard to use of Transport ponies carriages & horses

The Transport Corps having been raised since my appointment I did not consider myself entitled to the free use of animals belonging to the Corps and though I obtained permission for the free use of these by the subordinate Officers of my Dept and by the Chief Commandant I have always myself paid hire for any used.

With reference to No I noted above.

I would suggest that in the terms of the order of the Govt of India the Durbar should charge me rent for my acco[illegible]

(33 110

while I make use of it.

I am of course willing to pay any sum fixed but as it may assist in deciding the question to have my views I would suggest a rent of Rs 2 per diem while I am in Mysore.

Furnished rooms at the Club in Bangalore being 1 Re per diem I think that double that amount would be considered by the Resident to fairly cover the extra convenience of the reserva-tion of rooms.

With reference to No II.

The Stud Farm cottage is a very humble affair and I think a charge of 1 Re per diem would be quite fair.

With reference to No III

I always pay for daks when I use them for myself. But Kunigal Stud Farm is now a place of some interest to the general Public. Consequently Sir Sheshadri Iyer gave me permission to place a dak to the Farm at the disposal of any guest.

As I entertain these semi-Public guests at my own expense and people are now constantly asking me to take them to see the Farm I think there would be no harm in still continuing this prac-tice. Though the matter might be brought formally to the notice of the Resident I should note that when I travel in the same carriage as a guest I do not pay for the dak because I have already had to pay for my kit servants baggage etc ahead.

For full travelling allce. charges

For example last week when I had the honor ~~be~~ of entertain-ing the Resident and the Lieut General Commanding Secundera-bad Division. I used the dak actually laid ~~out~~ for the Residen but as I went the day before he travelled I paid for the dak Had I however accompanied Mr Williams I should not have done so.

The option of inviting guests is left to me as the expense of the entertainment falls on my private purse. During the last year I had some 40 guests.

In conclusion I would note that my Batta Travelling Allowance is that laid down in the Mysore Service Regulati & that Idem as charge compensation.

I have the honor to be

Y.M.R. 123/05-06. Dated 28.3.06

Secy. 32

To The First Assistant to the
Hon'ble the Resident in Mysore

Sir,

I am directed to acknowledge the receipt of your letter No.5599 dated the 28th September 1905 communicating the orders of the Government of India regarding the remuneration that may be given to officers of the British Government when lent for employment by Native States. I am to enclose a statement comparing the emoluments drawn and the easements enjoyed heretofore by British Indian Officers lent to the Mysore State, with those specifically sanctioned by the Government of India or admissible under the British Civil Service Regulations.

2. It will be observed from the statement that, except Mr.Maconochie, Lieut. Heale and Mr.Basu, nearly all

the officers concerned draw travelling - allowances under the Mysore Service Regulations. It may be explained that the general rates of Railway -- fare and road mileage are practically the same in Mysore as in British India; and in the case of rates of daily allowances, they are generally fixed with regard to the rates admissible for officers of similar official status in British India and not with reference to the rank of the particular officers in British Service. ~~For instance, Mr.Basu, the present Comptroller, can draw Rs.5 as daily allowance under the British Regulations, but if he were alloed to come under the Mysore Regulations, he could draw Rs.7-8-0 instead, since he ranks in this State as an Accountant General in British India.~~

3. Connected with the question of travelling allowances arise the questions of

(i)

(i) The conveyance of carriages and horses of officers by rail at Government expense.

(2) The supply of Govt. tents.

(3) Road mileage for marches of less than 20 miles a day.

(4) Journeys to Hill Stations.

(5) Special rates for Malnad or unhealthy tracts.

(6) Exemption from the 10 days halt rule.

As regards (1),(2),(5) & (6) articles 1042, 1000, 1139 & 1056 in the Civil Service Regulations empower the local Govts in British India to lay down special rates to suit the circumstances of each case. In Mysore specific rules are laid down in the article 9 of the Mysore Service Regulations governing these easements, and reference is requested to the following rules on the subject :—

| Nature of easements. | Regulated by Code rules |
|---|---|
| 1)Conveyance of carriages and horses at Govt expense. | Articles 518 A & 519. |
| 2)Supply of Govt tents. | Arts.538 ~~538 A & 538 B.~~ |

3)

(54

139.

| | |
|---|---|
| 3)Road mileage for marches of less than 20 miles a day. | Art.562. |
| 4)Journeys to Hill Stations. | Arts.588 &589. |
| 5)Special rates for unhealthy tracts. | Arts.602&603(a) |
| 6)Exemption from 10 days halt rule. | Arts.552(note under) & 553. |

4. It is considered that the rules are somewhat liberal in Mysore, and the question of their revision in some cases is engaging the attention of Government. Meanwhile, if the Govt of India have no objection, the local rules will continue to be observed except in the case of the three officers named in para 2 above.

The Govt of India are hardly likely to allow this, in the face of their express directions. The fact of our rules being over-liberal is itself a reason why they should not be applied to Col Maconochie

5. In the case of Mr.Maconochie, the tents used by him are supplied free, and this concession should, in the opinion of the Durbar, be continued. This officer is obliged to accompany H.H. the Maharaja on tour, and as these tours are very brief and only occur at rare intervals, and it would be unreasonable to expect Mr.Maconochie to maintain an equipment of

tents

tents which might only be used once in 3 years as has actually been the case. Besides, the rapidity with which His Highness travels involves the maintenance of no less than 4 sets of tents by Mr. Maconochie. For these reasons it is considered but fair that the officer in question should not be put to any extra expense on this account. As regards the travelling allowance of Mr.Maconochie when he accompanys His Highness, Article 999 of the Civel Service Regulations is applied.

In the case of the other lent officers also, they have hither to been enjoying the privilege of the free use of tents when on tours of inspection in the same way as the officers under the British Government, -- under Article 538 of the Mysore Service Regulations corresponding to Art.1043 of the Govt of India Civil Service Regulations. I am to request that the Government of India may kindly be

(56)

be moved to sanction the continuance of this privilege.

(41)

6. It will be seen from the statement that Lt.Heale is supplied with furniture at Govt expense. This supply was at first made without the specific sanction of the Govt of India, and when the omission was found out the officer was required, in accordance with the suggestion of the Hon'ble the Resident conveyed in your letter No. 3399 dated the 22nd June 05, to pay 5% per annum on the total value of the furniture supplied.

Lt Heale's file is now in the D-P-S. Retained for Disposal of another reference —

7. The following further points require special notice in connection with the statement.

(a) Supply of transport ponies & State carriages on hire.

In Mysore a Transport Corps is maintained for Imperial Service in times of need, and a large stock of carriages and horses is maintained

(41)

for the ~~entertainment~~ use of State guests and other State purposes. When these are not required for State Service, they are supplied on hire to the State Officers, whether lent or local, at uniform rates fixed by Government. ~~Though the fees charged are somewhat~~ below the market rates, and to that extent may be regarded as constituting an indirect easement at the cost of the State, still as long as the rates are the same for local and lent Officers, the Durbar think that these ~~services may continue~~ as at present.

8. (b) (i) Use of a free furnished room in the "Staff quarters" at -- Mysore by Lt.Col.Smyth, Lt.Col.Jones and Mr.Mc.Hutchin, when proceeding to that City on duty.

The "Staff quarters" belong to Government, and the rooms are now used by the Officers named without payment

143

payment in place of travellers' Bungalows. In future, a fee of Rs.2 - per day, which is considered a fair rent, will be charged for the number of days the Quarters are occupied by these officers.

b.(ii) Use of the "Stud Farm Cottage" at the Kunigal Stud -- Farms by Lt.Col. Jones.

"The Stud Farm Cottage" is a small Govt building consisting of one large room with 2 bed rooms etc., and has always been at the disposal of the — Military Assistant. It is furnished with crockery, chairs etc., that have generally become worn out or unfit for use at Govt House, and when --- guests are entertained or inspections by high officials take place, any necessary extra kit is temporarily obtained on loan from the Govt Stores. For the use of this ~~cottage which serves also as a Travellers' Bungalow~~ building, Col. Jones will, in future, be charged Re.1 per day.

(59

9. (c) Convicts employed by Col. Smyth.

This officer is also the Inspector General of Prisons. The convicts, it is reported, work in his general and plague offices, clean the stables occupied by the clerks & ponies etc., and water the plants in his compound. This service is objectionable and it will at once be discontinued.

10. (d) Free dak at the dispsal of Col.Jones for accompanying guests to the Stud farm.

Col.Jones always pays for daks when he uses them for himself, but he does not pay for the same when he travels in the same carriage with a guest, because he ~~has already had to~~ pay for his kit, servants, baggage etc. sent ahead. In order, however, to obviate his drawing the full rates of travelling allowance admissible under the Regulations in such cases, it will be laid down that travelling allowances should be drawn under

article

160

article 999 (i) of the Civil Service Regulations, in all cases in which he is supplied with the means of locomotion at State expense.

11. (e) Fixed travelling allowance of Rs.100 to Major Lotbiniere

The circumstances under which this allowance was granted to Major Lotbiniere have been explained in para 2 of my letter No.106 dated the 4th August 1904. I am now to request that the formal sanction of the Government of India may kindly be obtained for the same.

12. The above disposes of all easements enjoyed by lent officers as entered in the statement and which require special report. There are no cases of servants having been sanctioned at State cost for rendering private services to lent officers.

13. Two other matters remain to be mentioned, and the first is the supply of free food, free conveyances and free

free quarters to Govt officers invited to Mysore as State guests.

According to standing practice Govt officers are invited to Mysore as State guests for about 3 days in connection with ~~the~~ Birth Day Ceremonies and for over a week during the Dasara holidays. Under the local rules, all the officers, whether lent by the Govt of India or not, are entitled to draw travelling allowances and daily allowances at prescribed rates in addition to the free supply of food, conveyance and accomodation at State expense. Though ~~as brought to notice by the Comptroller~~, this may not be strictly admissible under the rules as far as lent officers are concerned, the Durbar would nevertheless regret any course that would savour of a contraction of the usual hospitality which His Highness the Maharaja is always ~~pleased~~ desirous of showing towards his guests on such occasions.

If

If however the drawing of travelling allowance at full rates and ~~the~~ of daily allowances by such officers when invited as State guests, is considered open to objection, then the Durbar suggest that it is sufficient to lay down that, in the case of lent officers, no daily allowances should be ~~allowed~~ permitted for the number of days of stay in Mysore and that only -- actual travelling allowances should be granted subject to a maximum of the amount admissible under ordinary rules.

14. The other matter relates to the acceptance of fees for setting questions and ~~correcting~~ valuing the papers answers at the Mysore Local Service and Pleaders Examinations. In view of the provisions of Art.74 of the Civil Service Regulations, and of the fact that the remuneration is really met out of fees recovered from candidates, the

Durbar

(63

Durbar do not apprehend that there can be any objection to a lent officer accepting the same; they would however be glad if express sanction of the Government of India can kindly be procured enabling this Government to deal with such cases without specific reference in each case. It may be mentioned that Mr.Basu has made a reference to this office regarding his ~~title to draw~~ acceptance of a fee of Rs.73 recommended to him by the Board of -- Examiners in connection with the last examination.

Sir,

Sl No 42 of G.M.R 123/05-06 Sl No 2.

In continuation of my letter No. 50 dated 29th November 1905, in answer to Government Confidential Proceedings No. 2096-2116-G.M.123-05-2, dated 26th October 1905, I regret to state that I omitted to mention that I have on two occasions enjoyed the use of tents while on tour once with H.H. the Maharaja & once with my pupil the Yuvaraja.

I now respectfully beg to represent that it would be unreasonable to expect me to keep up tents at my own expense for tours which are rare in occurrence & so rapid in movement that the use of three or four sets of tents is involved.

Under the circumstances I have the honour to request that the sanction of the Government of India may be obtained to my using tents, the property of the Durbar, when on tour with the Yuvaraja.

I have the honour to be,

From

R.C.F.Moss King, Esq., I.C.S.,

First Assistant to the Resident in Mysore.

The Dewan of Mysore.

Dated Camp Ootacamund, 21st April 1906.

Sir,

I am directed to acknowledge the receipt of Mr. Venkata-Varada Iyengar's letter Pol.No.781 dated the 28th March 1906, forwarding a statement showing the emoluments and easements of British officers lent for employment in the Mysore State under Foreign Service Rules.

2. It is observed that the grant of travelling allowance is regulated in the case of some of these officers by the Civil Service Regulations and in the case of others by the Mysore Service Regulations, and it is indicated in the Durbar's letter that the provisions of these two Regulations in this respect are practically the same and that the existing practice in Mysore may therefore be continued. As regards this proposal, I am to point out, in the first place, that the orders of the Government of India conveyed in my letter, No.5599, dated the 28th September 1905, are imperative in that they permit a lent officer to draw travelling allowance only under the ordinary rules of the Civil

Service

Service Regulations and, secondly, the provisions of the Mysore Regulations are far more liberal than those of the Civil Service Regulations and admit of the grant of concessions which are ordinarily inadmissible in British India. For instance:-

(i) Carriages and Motor cars can be conveyed at public expense under Article 518.A. of the Mysore Service Regulations by certain class of officers, a privilege which is not ordinarily allowed even to high officers of State in British India, where the conveyance of camp equipment (which does not include carriages) and horses has to be sanctioned in each case under Articles 1000 and 1001 of the Civil Service Regulations.

(ii) When Government tents are used partly for office and partly for private purposes, the officer so using them may, under Article 568 (c) of the Mysore Regulations, pay either half the cost of carriage or a rent of one rupee a day for a larger, and half a rupee a day for a smaller tent, whichever is less; whereas in British India the officer has no option but to pay half the cost of carriage as laid down in Article 1042 of the Civil Service Regulations.

(iii) Road mileage for marches of less than 20 miles a day is admissible under Article 562 of the Mysore Regulations, a concession which is not provided for in the Civil Service Regulations.

3. Various other provisions in the Mysore Regulations pointing

to

to a more liberal tendency in the matter of travelling allowance might be cited, but this seems hardly necessary for the present purpose; for, apart from the explicit wording of the instructions of the Government of India referred to above, the essential consideration to be borne in mind is that a Government officer lent for employment in a Native State can receive only such remuneration as has been fixed by the Government of India at the time of his appointment to serve in the Native State, and this object would be defeated , even if the provisions of the two Regulations were at present identical (which they are not) since it is necessarily within the competence of the Durbar to alter their Regulations from time to time to suit the general requirements of their own service. As therefore, the proposal of the Durbar will, if adopted, thus contravene the general priciples laid down by the Government of India, the Resident regrets that he is unable to make any representation on the subject, and I am to request that very early action may be taken to regulate the travelling allowance of all lent officers under the ordinary rules contained in Part.XI of the Civil Service Regulations , if this has not been done already.

4. Such rules provide for, among other privileges, (a) the supply of Government tents -Article 1049-, and(b) the grant of increased rates of daily allowance and mileage for travelling in special localities-Articles 1139 and 1140. As regards (a), the Resident will be glad if the Durbar will favour him with a list showing

showing the names of lent officers to whom they are prepared to supply tents, together with the description and the number of tents proposed to be allowed in each case. Officers to whom Government tents are supplied should, unless otherwise directed by the Government of India, conform to the provisions of Article 1042(b), of the Civil Service Regulations, in regard to the adjustment of cost of carriage of such tents.

With reference to (b), the Durbar may, subject to the approval of the Government of India, fix for lent officers such special rates of daily allowance and mileage as they think fit in respect of such localities in Mysore as may be selected. If the Government of Mysore have no objection, the Resident is inclined to propose that the special rate now admissible under Article 603 (a) of the Mysore Service Regulations, viz., 50 per cent over the ordinary rate, should be applied and considered to be fixed under Article 1139 of the Civil Serice Regulations (subject to the provisos therein mentioned) for journeys of lent officers in the Kolar Gold Fields and in the Malnad tracts specified in Article 602 of the Mysore Regulations.

5 (i) As regards conveniences unconnected with the question of travelling allowances, the Durbar's letter refers to

(a) the supply of transport ponies and State Carriages on hire,

(b) the use of the staff quarters at Mysore and the Stud Farm Cottage at Kunigal,

(c) the employment of convicts,

(d) the provision of free dak to Col.Jones when accompanying state guests to the Stud Farm,

(e) the easements of lent officers invited to Mysore as State guests, and

(f) the payment of fees for services in connection with the Government Local Examinations.

(ii) As regards (a), I am to enquire whether the Government carriages and ponies are habitually and continuously used by the lent officers concerned, under special arrangement or only occasionally on payment of rates for the day or part of the day in accordance with the general rules issued by the Durbar on 12th June 1905. Information is also requested as to the hire paid for such carriages, horses and riding ponies in each case.

(iii) The arrangements made by the Durbar in respect of (b), (c) and (d) seem suitable, and no further action is necessary.

(iv) With reference to the questions involved in (e), it appears to the Resident objectionable in principle to allow officers going to Mysore for the Maharajah's Birthday Races, purely on pleasure, as His Highness's guests to draw any travelling allowance for the visit. As regards attendance at the Dasserah, if the officers have any duty in connection with the Representative Assembly or arrangements connected with the Dasserah festivities they might charge travelling expenses, but not halting allowance

161 176

if they enjoy the privilege of being the guests of His Highness.

(v) With reference to (f), it is presumed that the funds of the Local Examinations are administered by the Durbar. In that event the remuneration of lent officers for services in connection with these examinations should, in Mr.Fraser's opinion, be regulated by the provisions of Article 72 of the Civil Service Regulations, the sanction of the Government of India being obtained to the payment of sums exceeding Rs.500 in each case.

6. Turning to the cases of individual officers, it will probably be sufficient to provide Mr. Macdnochie with tents whenever he needs them for his personal accommodation during the tours of His Highness the Maharajah. Such tours being admittedly very brief and occurring at rare intervals, four sets of tents need not always remain with him. A separate communication will be made as regards the recovery of the cost of carriage of such tents.

7. The Resident does not propose to consider the question of the grant of fixed travelling allowance to Major Lotbiniere unless or until he returns to Mysore. The allowance of free quarters to Mr. Thomas has not been sanctioned by the Government of India and a recommendation on the subject will be made on the receipt of the Durbar's reply to the present communication.

I have the honour to be,
Sir,
Your most obedient servant,

For First Assistant Resident.

~~My dear~~ Mr. Madhava Rao,

Will you kindly refer to paragraph 5 (iv) of Mr. Moss King's official letter, No.47 C., dated the 21st instant, conveying my views as to the grant of travelling allowances to lent officers invited to Mysore as State guests in connection with His Highness' Birthday and the Dasara.

2. I would suggest that the Durbar might well consider the propriety of regulating on similar lines the grant of travelling allowances to other Durbar officers, European as well as Indian, who enjoy the privilege of being the guests of His Highness on these occasions.

~~Yours sincerely,~~

Proceedings of the Government of H.H.the Maharaja of Mysore:-

Read:-

Government Order No.G.2096-2116-G.M. 123-05-2, dated the 26th October 1905, communicating to all officers concerned, the orders of the Government of India in regard to the emoluments and easements of British Officers lent to the Mysore State for employment under the Foreign Service Rules, with the direction that those orders must be given effect to absolutely and without reservation, any representation necessary in individual cases being made the subject of a separate reference.

Correspondence ending with letter Pol No.781, dated the 28th March 1906, from the Secretary to Government General and Revenue Departments to the First Assistant to the Hon'bl the Resident in Mysore, forwarding a statement comparing the emoluments drawn and easements enjoyed theretofore by lent officers with those specifically sanctioned by the Government of India or admissible under the British Civil Service Regulations, and explaining the circumstances connected with the grant of certain easements.

Letter No.47-C, dated the 21st April 1906, from the First Assistant to the Hon'ble the Resident in Mysore, in reply to the letter last read.

Order thereon: No 6617/M-94 Dated 18/6/06
Gm/2 3-05-48

As a result of the reference made to the Hon'ble the Resident in regard to certain points connected with the emoluments and ease ments of lent Officers, the Government are pleased to make the following observations for the guidance of all concerned.

2. The travelling allowances of all len officers should be strictly regulated under the ordinary rules contained in Part XI of th Civil Service Regulations, and no exception o deviation should be allowed, as already direc ed in para 2 of the order of 26th October 1 A separate reference will be made to the Ho the Resident in regard to the authority by which the powers of a Local Government under the said regulations should be exercised in lation to lent Officers.

3. Officers to whom Government tents are supplied should, unless otherwise dire by the Government of India, conform to th

provisions of Article 1042(b) of the Civil Service Regulations in regard to the adjustment of the cost of carriage of such tents.

4. A fee of two rupees per day will be charged for the use of the Staff Quarters at Mysore by Col Smyth, Col.Jones, Mr.McHutchin, and any other lent officers who may occupy furnished rooms therein. Similarly, Col.Jones will be charged a fee of a rupee a day for the use of the Stud Farm Cottage at Kunigal.

5. Orders have already been issued in regard to the discontinuance of the employment of Convicts for work in the compound and offices of the building occupied by Col.Smyth.

6. In allcases in which Col. Jones is supplied with the means of locomotion at State expense, travelling allowances will be drawn under Article 999(i)ofthe Civil Service Regulations.

7. Lent Officers going to Mysore for H.H.th Maharaja's Birth-day Races as His Highness' guests will not be paid any travelling or halting allowances for such visit, their actual travelling charges being defrayed by the State. If such officers have any duty to perform in connection with the Representative Assembly or arrangements connected with the Dasara festi-

festivities, they may charge ordinary travelling [redacted] expenses, but not halting allowance, if they enjoy the privilege of being the guests of His Highness.

8. As the funds of the Mysore Local Service and Pleadership Examinations are administered by Government, the receipts and payments being shewn in the public accounts as State Revenue and Expenditure, the remuneration of lent officers for service in connection with these examinations should be regulated by the provisions of Article 72 of the Civil Service Regulations. The sanction of the Government of India will be obtained for the payment of sums exceeding Rs.500 in each case.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE.

Letter Pad No. 1009

GENERAL & REVENUE SECRETARIAT.

*Dated Bangalore... 6 ... 190 .*

From K.S.Chandrasekhara Aiyar Esquire, B.A., B.L.,

~~B. K. VENKATA VARADA IYENGAR, Esq.,~~

Deputy *Secretary to the Government of H. H. the Maharaja of Mysore,*

*General & Revenue Department.*

To

R. C. H. MOSS-KING, Esq., I.C.S.,

*First Assistant to the Hon'ble the Resident in Mysore.*

Sir,

With reference to your letter No.47C, dated the 21st April 1906, communicating the observations of the Hon'ble the Resident in regard to the emoluments and easements of British Officers lent for employment in the Mysore State under Foreign Service Rules, I am directed to state as follows:-

2. A copy of the order issued by the Durbar in regard to points on which a final decision has been reached as the result of the previous correspondence is forwarded for the information of the Hon'ble the Resident.

3. It will be seen from the order referred to ~~that~~, among other things, that the audit officers have been directed to deal with the travelling allowances of all lent officers under the ordinary rules contained in Part XI of the Civil Service Regulations.

It is presumed that in the cases noted below the powers reserved to a local Government under the rules in Part XI of the Civil Service

Regulations may be exercised by the Government of His Highness the Maharaja in respect of lent Officers:-

i. To authorise exchange of permanent travelling allowance(Art.1045).

ii. To decide point of commencement and end of journey.(Art.998)

iii. To declare shortest route between any two stations.(Art.999, b)

iv . To determine the rate of deduction from travelling allowance when the means of locomotion are provided by the State.(Art.999, ii)

v . To exempt officers from the ten days halt rule.---(Art.1056)

vi . To grant actual expense for keeping up camp eqipage for halt at Head Quarters.----------(1059)

vii. To grant actual expenses of maintaining camp to an Officer compelled to leave it in case of sudden emergency.----------(1061)

viii. To increase daily and mileage rates in special localities.(Art1139)

ix . To permit travelling allowance by other than the shortest or cheapest route.----------(Art.997)

x . To sanction carriage of Camp equipment and horses by rail.(Art1000)

xi . To prescribe limitations regarding carriage of Camp equipment and horses by rail.(Art.1001)

xii. To prescribe scale of tents.(Art.1042, a)

The provisions of Chapter XI relating to the above matters could, whenever the necessity was felt, no doubt, be supplemented by the Government of India by others of a general character; but the power to apply these provisions to, and decide claims in, individual cases should, the Durbar think, rest with themselves in the interests of despatch and convenience.

4. One other point to be settled in this connection is the rate of travelling allowance to be paid to certain Officers. Public Works office

officers are generally permitted to draw the pay of the grade next above that to which they belong. Under that ruling, or on the ground of their holding the posts of Chief Engineer and Superintending Engineer, Mr. McHutchin and Mr. Whiteley draw Rs.7-8-0 and Rs.6-0-0 a day, the rates fixed for the officers of corresponding rank in British service, while they are entitled to only Rs.6/- and Rs.5/- respectively, on their status proper in the British service. Accordingly Captain Traill, Superintending Engineer, who is entitled to only Rs.5/- a day as First class Officer in the British Service, draws Rs.6/- as Superintending Engineer here.

Mr. Muthanna, Conservator of Forests in Mysore, also draws the same special rates of travelling allowance as are prescribed for the Conservator in Madras, while he is entitled to ordinary rates admissible to First class Officers in British service. The Durbar think that these Officers may continue to draw their allowance at the rates appropriate for the rank they hold in Mysore.

5. As regards the supply of tents, to lent Officers, the Durbar consider that the scale prescribed in this respect for Officers of the Mysore Government in Art.538 of the Mysore Service Regulations is suitable and may be adopted in the case of lent Officers also.

A statement showing the number of tents actually used by the various lent Officers now in Mysore, together with the measurements and estimated value thereof, is forwarded in the form prescribed by the Madras Government (Vide lists furnished with your letter No.1596, dated the 12th March 1906).

6. With reference to the grant of increased rates of daily allowance and mileage for travelling in special localities, I am to state that the Durbar agree that the special rates of daily allowance prescribed in Art. 603 of the Mysore Service Regulations, viz. 50 per cent over the ordinary

rate, may be adopted for journeys undertaken in the Kolar Gold Fields and in the Malnad tracts, subject to the limit mentioned in article 1139(i) of the Civil Service Regulations.

7. The terms on which Lent Officers are allowed to hire Government carriages or Transport riding ponies are exactly the same as those enforced in the case of Officers who belong entirely to the State Service, as shewn in the rules on the subject copies of which are enclosed for information. The specific information asked for in para 5i(b) of your letter has been called for from the Military Assistant and will be furnished on receipt of that Officer's reply.

8. The separate communication promised in regard to the scale of tents to be used by Mr.E.Maconochie and Lieut.R.J.W.Heale, while on tour with H.H.the Maharaja and the Yuvaraja respectively, and the recovery of the cost of carriage of such tents is awaited.

I have the honour to be,

Sir,

Your most obedient servant,

~~Deputy~~ Secretary in charge of the office of Secretary, during the absence of the Secretary on leave.

# RULES FOR THE GRANT OF TRANSPORT PONIES TO OFFICERS AND OFFICIALS OF THE MYSORE GOVERNMENT.

1. Officers will be allowed the use of one or two ponies on condition of their paying for their keep and Rs. 4-0-0 a pony per mensem. Payments to be made in advance on the 1st of each month and no broken periods allowed.

2. The ponies must be kept in good condition and receive daily at least 2½ measures (Raw) Kulthi with a proper allowance of Grass.

3. All ponies if required for Transport or other Government Service are liable to be withdrawn at once.

4. If the Officer in charge of the Transport finds that any ponies are in bad condition or temporarily lamed or look as if they were neglected, he may order them to be withdrawn at once and the party concerned to pay for their keep till they are got into condition again.

5. In the event of its being proved to the satisfaction of the Commandant that a pony has died, been lamed, or otherwise rendered useless for the service by reckless riding or driving, the party concerned will be liable to pay the price of the pony, *viz.*, Rs. 250 minus the price fetched by the pony at auction, or a less sum than Rs. 250, to be fixed at the option of the Officer Commanding the Corps ; and in any case in the event of a pony dying when on hire from any disease, the hirer will be fined the sum of Rs. 125.

6. No clothing or line gear will be supplied with the ponies.

7. Applications for ponies to be made to the Officer Commanding the Imperial Service Transport, and applicants must intimate their acceptance of the above conditions before the pony is handed over to them.

8. The price of Transport ponies is about Rs. 250. Should an officer wish to purchase a pony belonging to the Corps, he can do so for Rs. 400, provided the Officer Commanding has no objection.

9. If any one not an officer of Mysore Government wishes to purchase a pony, the pony so desired will be advertised for a week before sale and put up to auction at an upset price of Rs. 400 when the highest bidder can take the animal.

10. It must be distinctly understood that the option of selling or letting out on hire remains with the Officer Commanding the Corps. This is necessary to prevent breaking up of pairs which have been trained together or the removal of ponies belonging to Non-commissioned Officers, etc.

11. Ponies, except with the special permission of Government, will not be hired to any but Mysore officials.

From K.S. Chandrasekhara Sastri
Sept. 5/06
My dear Sir, To Lt Col R.G. Jones 183

I am sorry I have again to trouble you in regard to the use of Govt. transport & Carriage by Lent officers.

The Residency want a specific information in the case of each Lent officer as to whether he has habitually and continuously been using the above conveniences, or only occasionally on hire for a particular day or days. They will not be satisfied with mere saying in a general way that Lent officers are treated exactly like other officers of the Mysore Government.

To give an idea of the information that the Residency want, I enclose a statement with columns left blank for each of the Calendar years 1904, 1905 & 1906 (part), in which have to be respectively entered against each Lent officer the dates on which he used government transport and Carriages, the total number of days at a time, and the amount of hire paid for such use.

I give below an example of the entries required. ——

P 70

I know the preparation of a statement like this is a bit of a nuisance and I cannot say exactly what the Residency want the information for. But probably they want to ascertain for themselves that there is no "assessment" lurking in the innocent transaction of hiring for Conveyances!.

Will you therefore very kindly excuse the trouble & ask your office to let me have the statement back with the entries filled in, as early as practicable.

Yours Sincerely.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE.

No. 1064/1

GENERAL & REVENUE SECRETARIAT.

*Dated Bangalore...30..June.....190 6*

From

~~B. [illegible] Esq.~~ ,

*The Secretary to the Government of H. H. the Maharaja of Mysore,*

*General & Revenue Department.*

To

R. C. H. MOSS-KING, Esq., I.C.S.,

*First Assistant to the Hon'ble the Resident in Mysore.*

Sir,

With reference to para 5 (ii) of your letter No. 47 C dated the 21st April 1906, and in continuation of para 7 of this office letter No. Pol 1005 dated the 18th June 1906, I am directed to forward herewith a statement showing the extent of the use of Government Transport carriages by lent officers during the years 1904, 1905 and 1906 from which it will be seen that in the generality of cases the carriages are used only occasionally on payment of rates for the day or days in accordance with the general rules issued by the Durbar on the 18th June 1905.

I have the honor to be,

Sir,

Your most obedient servant,

Secretary

Draft

food, etc., is considered a breach of the rules of [redacted]y, then it may be ruled that in the case of lent officers, no daily allowance [redacted]ld be allowed for the number of days of stay in Mysore and that only actual travelling expenses should be allowed subject to a maximum of the amount admissible under ordinary rules.

This is for orders.

15. In the Government of India circular letter under consideration, servants are mentioned as one of the services which a lent officer should not receive. There are no cases on record in which servants have been sanctioned at State cost specifically for private services to lent officers in Mysore. In actual practice office peons are employed in the houses of officers to attend to office work beyond office hours. One or two peons are sufficient for this purpose, but to prevent a larger number being retained for private works, the Government of Mysore propose to issue a general order that when Government peons are employed in the houses of officers for private work resulting in their absence from office, the pay for the days of absence should be paid by the officer by deduction from the office pay bills.

16. I shall be obliged if Secretary will kindly let me see the draft report, in this case to the Hon'ble the Resident before it is finally passed. It may be possible for me to make some further suggestions when I know the views of Government on the above suggestions.

N. G. BASU.
**10-2-06.**

Secretary.

In Government Order No. 8157-8 Exam. 6-05, dated the 7th February 1906, Government has ordered the disbursement to me of Rs. 73 as remuneration in connection with the last Mysore Service and Pleaders' Examination.

The Registrar to the Chief Court has formally asked me to present a bill for the payment.

In view of the provisions of Article 74 (*d*) of the Civil Service Regulations and in view of the fact that the charge is really met out of fees recovered from candidates, there may not possibly be any objection to my taking the amount, but I think under the terms of my appointment I cannot take the money without special sanction of the Government of India.

If, therefore, you see no objection, a reference may be made to the Government of India on the subject.

If you agree, it will be better to put a few words in the easement letter exempting such cases from the necessity for special sanction.

N. G. BASU.
**14-2-06.**

Mr. Basu's note has been most helpful, and the accompanying draft of a letter to the Residency has been prepared generally on the lines indicated therein. One or two points, however, require to be adverted to.

*Para 4 of Mr. Basu's note.*—The Financial Branch say they have not received any separate reference for orders from the Comptroller regarding the revision of the travelling allowance rules, though he has alluded to the subject incidentally on a few occasions.

I have allowed the passage to remain in the draft (para 4). But I doubt if more cogent reasons than have been assigned are not necessary in order to induce the Government of India to consent to the travelling allowances of lent officers being regulated by the local rules. They have expressly ruled, that such allowances are to be granted under the "ordinary rules of the Civil Service Regulations" [*vide* clause (*c*) of Rule III]. The fact of the Mysore rules being overliberal makes it less likely than ever that the Government of India would consent to their application.

Sl. No. 7 of File 123-05.

The addition to *para 5 of the draft* is based on the Public Works Secretary's letter to the Residency.

Sl. No. 9 of File 123-05.

*Para 10 of Mr. Basu's note.*—The carriage allowance to the Mr. Appaiya has been sanctioned by the Government of India. So no reference is made to it in the draft.

*Para 12 of ditto.*—The circumstances connected with Major Lotbiniere's fixed travelling allowance have been explained in para 11 of the draft. This officer has, after all, practically ceased to be in the service of the State except for a few months in the year.

*Paras 13 and 14 of Mr. Basu's note.*—*Re* free food, etc., to State guests. This is a delicate matter, and requires the orders of Government.

*Para 15 of ditto.*—The question of the improper utilization of the services of peons need not, I think, be discussed in this reference to the Residency, as it is a matter to be regulated by this Government. I have merely stated in the draft that no servants are sanctioned at State cost for private services.

*In para 14 of the draft* has been embodied the reference made by Mr. Basu in a separate note of the 14th February 1906, *re* the acceptance of examinership fees.

The draft (with these notes) may now be sent to the Public Works Secretary for any alterations which he may wish to suggest.

Non-official No. 13—P. W. D., dated 19th February 1906.

Seen and returned. The proposed draft deals with all points which may be considered objectionable by the Residency or the Government of India, but I would offer the following suggestion in connection with para 4 of the "Draft" letter.

No figures are given to show that the special allowances under the Mysore Service Regulations for special localities are "somewhat liberal," as compared with the allowances in force in the Civil Service Regulations (given in Appendix 29); and for journeys to Hill Stations special rules are prescribed (*vide* Section III, Article 1110, Civil Service Regulations) which are not incorporated in the Civil Service Regulations, but which would, on comparison with the Mysore Service Regulations, be found to be probably not less liberal. So far as this Department is concerned, it is desirable that both the Imperial officers whose services have been lent to the State and officers of the local service should be on the same footing as regards travelling allowances.

2. I would also suggest the omission of the last part of para 13, beginning with "If, however, the drawing of travelling allowance, etc.," which, in my opinion, is unnecessary, and not in conformity with the first portion of para 13.

B. K. VENKATAVARADA IYENGAR,
*Secretary.*
26-2-06.

As regards Mr. McHutchin's note of 24th February 1906, I may explain that under Article 1139 of the Civil Service Regulations, the daily allowance of an officer can never exceed Rs. 10 whereas here officers travelling in Malnad tracts are allowed to draw 50 per cent more than the usual rate irrespective of any maximum limit.

Then again, as regards Hill Journey Rules, I need not refer to anything else except the rates for road mileage. The Private Secretary to His Highness the Maharaja is under the British Service Regulations and he can draw road mileage at eight annas a mile. The Assistant Private Secretary is under the Mysore Regulations and he draws at the rate of twelve annas a mile!! Could anything be more anomalous than this. One instance of each kind will no doubt satisfy Mr. McHutchin and it is not necessary to go over the whole ground.

As regards Secretary's marginal note against para 4 of the draft, I venture respectfully to submit that we are bound to state the facts correctly in our report and I am afraid it is not reasonable to expect that the Government of India would allow too liberal treatment to their officers in a Native State. The Government of India expect that their officers in Native States should so conduct themselves as to serve as models of well-trained British Indian officers and if His Highness' Government try to recommend more liberal treatment without adducing satisfactory reasons (which, I believe, do not exist except in Mr. Maconochie's case) the natural impression will be that the State is anxious to give more to foreign officers to justify more for their own men. I earnestly hope that no occasion may be given for such an impression.

Since writing this, I have been told that Secretary's intention was not to recommend any liberal treatment. If this is so, I entirely agree and my note was written under a misapprehension. N. G. B.

The 2nd clause of para 5 of the draft may, I think, be omitted. It is somewhat misleading. We have already quoted Article 538, Mysore Regulations, in paragraph 3 and we may leave it to the Government of India to judge how our rules work as compared with those in British India. Personally I have not hitherto had occasion to use the privilege of the free use of tents here, and I may assure Government that when the occasion does come I would not do it without special sanction of the Government of India. I enjoy the honour of being an officer of the enrolled list of the Finance Department of the Government of India, and the injunction to each and one of these officers is that he should be like "Cato's daughter" absolutely above suspicion in matters affecting him pecuniarily.

I am very strongly of opinion that the 2nd part of para 13 should remain. It is almost scandalous that Government officers should get their full pay, should get food, quarters and every other convenience and should also make some additional profit in the way of daily allowance, etc. The rule works very unequally also. Daily allowance is given to cover extra charges but here there is no extra charge and still it is given. If it is admissible, why should not the Private Secretary draw it there? Every officer of the State, foreign or local, gets it and Mr. Maconochie should get it, but I think he cannot draw it under the rules, not being away from his head quarters. As I have reported to Government—although I am entitled to draw the allowance—I have not drawn them hitherto on account of the injustice of the impost on the State revenues. Government are aware also that in reviewing some of the Dasara bills I have suggested that the withdrawal of this concession in the case of local officers also. I have suggested some verbal additions in pencil to make the intention clear.

I have also suggested a slight addition to the last para of the draft.

*D. O. dated 17th March 1906, from Mr. Muthanna, Conservator of Forests, to Mr. B. K. Venkatavarada Iyengar.*

In continuation of my letter C. No. 110, dated 10th January last, regarding easements allowed to lent officers, I beg to add that I am in receipt of the special railway fare sanctioned in Government Proceedings Camp No. 270—71, dated 10th May 1896, in lieu of the fare allowed under the Mysore Service Regulations. I omitted to mention this fact in my letter above referred to in the belief that this was also embodied in the Regulations.

Please make the needful addition early.

B. K. V.
19-3-06.

Forwarded to the Comptroller for favor of remarks. The special railway fare sanctioned in the Proceedings quoted by Mr. Muthanna (*viz.*, mileage of 6 as. when travelling by rail with camp equipage) was evidently intended as a concession to Col. Campbell Walker, personally. It is not known why it has been permitted to be availed of by his successors.

B. K. VENKATAVARADA IYENGAR,
*Secy. to Govt., Gen., & Rev. Depts.*
19-3-06.

Deputy Secretary.—With reference to the case of Mr. Muthanna's travelling allowances, my office is taking much time in completing the reference. It is very doubtful whether Mr. Muthanna is really entitled to the special concession but it will be best to deal with the case on its merits and possibly we shall decide to discontinue the concession. Meanwhile the main file may go. It would be difficult to change it at this late hour.

N. G. BASU.
19-3-06.

I also think that the file (now under submission to His Highness) need not be delayed on account of the reference from Muthanna.

K. S. C.
19-3-06.

Certainly.

B. K. V.
19-3-06.

Deputy Secretary.—Since writing the above, I have seen the papers in my office, which show that the special rate for Mr. Muthanna was sanctioned by Government, but while the code was corrected for the daily allowances and mileage(—)the special rate of mileage for railway journeys was not, apparently by an oversight, inserted therein.

The best course now would be for us to make the necessary corrections in the Code and to insert the correction in manuscript in the copy of the Code sent to the Residency.

Insert the following under Article 522 (*a*) page 183 :—

*Exception.*—The Conservator of Forests receives mileage at 6 as. a mile when travelling by railway with camp equipment.

N. G. BASU.

I think so also. In this case no addition need necessarily be made either to the printed statement or the draft letter to the First Assistant Resident. These papers will be kept with the main file.

*D. O. dated Bangalore, 5th April 1906, from Mr. K. S. Chandrasekhara Aiyar, to Mr. N. S. Tirumale Iyengar, Registrar, Resident's Office.*

In the statement forwarded with the Durbar's letter No. Pol. 781, dated the 28th March 1906, regarding the easements enjoyed by lent officers, the pay of Mr. P. B. Thomas (No. 6 in the list) should have been shown as Rs. 900, and not Rs. 850, that officer having been allowed to draw his annual increment of Rs. 50 with effect from the 11th December 1905.

Will you kindly correct the entry accordingly?

*D. O. No. 147, dated Fern Hill, Ooty, 5th April 1906, from Lt. R. J. W. Heale, to Mr. B. K. Venkatavarada Iyengar.*

Kindly refer to my official letter No. 50, dated 29th November 1905, with reference to easements, in reply to your letter No. G. 2613-26 G. M. 123-05-4, dated 22nd November 1905.

I have unfortunately mislaid the circular referred to in your above-quoted letter, drawing attention to certain rules. I should be much obliged if you would kindly send me a duplicate copy thereof, as I wish to see whether the use by me, on two occasions, of tents, while on tour with His Highness the Maharaja and the Yuvaraja, is "an easement" as contemplated by the rules of the circular.

*D. O. No. G. 4895, dated 9th April 1906, reply to the above, dated Bangalore, 9th April 1906.*

As desired in your D. O. dated the 5th April 1906, I send herewith a copy of Government Proceedings No. G. 2096-2116—G. M. F. 123-05-2, dated the 26th October 1905, on the subject of easements. You will see that the rules of the Government of India regulating the grant of easements to lent officers are printed therein.

---

**Serial No. 33.**—*From Lt. R. J. W. Heale, No. 158, dated the 13th April 1906.*

States that he has on two occasions enjoyed the use of tents while on tour, once with His Highness the Maharaja and once with the Yuvaraja, and requests that the sanction of the Government of India may be obtained to his using tents when on tour with the Yuvaraja.

Lieutenant R. J. W. Heale represents that it would be unreasonable to expect him to keep up tents at his own expense for tours which are rare in occurrence and so rapid in movement that the use of three or four sets of tents is involved. In Mr. Maconochie's case, the same reason was adduced.

A reference to the Residency seems necessary.

Requests that the sanction of the Government of India may be obtained to Lt. Heale using Government tents when on tour with the Yuvaraja.

**Serial No. 37.**—*From the First Assistant Resident, No. 47-C., dated the 21st April 1906.*

States that a Government officer lent for employment in a Native State can receive only such remuneration as has been fixed at the time of his appointment; that the suggestion contained in the Durbar's letter that, as the Mysore and Civil Service Regulations are identical as regards the grant of travelling allowance, the existing practice may be continued, cannot be upheld and that accordingly early steps may be taken to regulate the travelling allowance of all lent officers under the ordinary rules contained in Part XI of the Civil Service Regulations, if this has not been already done; calls for a list showing the names of lent officers to whom the Durbar are prepared to supply tents together with their number and description, etc., etc.

It is also stated that (1) as regards the grant of increased rate of daily allowance and mileage for travelling in special localities, the Resident is inclined to propose that the special rate now admissible under Article 603 of the Mysore Service Regulations should be applied and considered to be fixed under Article 1139 of the Civil Service Regulations, subject to the provisos therein contained;

(2) that as regards the following conveniences—

(*a*) the supply of transport ponies and State carriages on hire,

(*b*) the use of the staff quarters at Mysore and the Stud Farm cottage at Kunigal,

(*c*) the employment of convicts,

(*d*) the provision of free dak to Col. Jones when accompanying State guests to Stud Farm,

(*e*) the easements of lent officers invited to Mysore as State guests, and

(*f*) the payment of fees for services in connection with Government Local Examinations.

The First Assistant Resident approves of the arrangements made in (*b*), (*c*) and (*d*) and as regards (*a*) enquires if the Government carriages and ponies are habitually used by lent officers under any special arrangement or only occasionally on payment of the rates for the day or part of the day, and if so, what the hire is that is usually paid; states that the question raised in (*f*) should be regulated by Article 72 of Civil Service Regulations, that as regards (*e*) the Resident thinks it objectionable to

allow officers going to Mysore for His Highness' Birthday, to draw any travelling allowance, and that officers attending Dasara on duty might charge ordinary travelling expenses but not halting allowances, if they also enjoy the privilege of being His Highness' guests.

Lastly it is stated that it is sufficient to provide Mr. Macnochie with tents whenever he needs them for his personal accommodation during tours; but that a separate communication will be made as regards the carriage of such tents; that the question relating to the grant of fixed travelling allowance to Major Lotbiniere need not be considered until his return; and that the allowance of free quarters to Mr. P. B. Thomas has not been sanctioned by the Government of India and a recommendation will be made on receipt of the Durbar's reply.

The Honourable the Resident's reply to the reference made by the Durbar in regard to the easements of lent officers in Mysore, is submitted for His Highness' information. The necessary orders will be issued in accordance with the Hon'ble the Resident's views, and the information required by him on certain points will be obtained and furnished in due course.

I would respectfully invite particular attention to the views of the Hon'ble the Resident regarding the travelling allowances of officers going to Mysore as His Highness' guests. I have also received a separate D. O.* from Mr. Fraser suggesting that the same rules may be applied to other Durbar officers, European as well as Indian, who enjoy the privilege of being the guests of His Highness on these occasions. On this last point, I intend submitting my views in detail later on.

No. 205, dated 23rd May 1906.

The Resident having now finally settled that the travelling allowance of lent officers should be regulated by the rules contained in Part XI of the Civil Service Regulations, a formal order of the Mysore Government giving effect to the Resident's order from 1st June 1906 may be issued.

2. According to the Rules, Part XI, quoted above, the orders of a Local Government are necessary in the following cases:—

(i) To authorize exchange of permanent travelling allowance (Article 1045).
(ii) To decide point of commencement and end of journey (Article 998).
(iii) To declare shortest route between any two stations (Article 999b).
(iv) To determine rate of deduction from travelling allowance when means of locomotion are provided by the State [Article 999(ii)].
(v) To exempt officers from the 10 days' halt rule (Article 1056).
(vi) To grant actual expense for keeping up camp equipage for halts at headquarters (Article 1059).
(vii) To grant actual expenses of maintaining camp, to an officer compelled to leave it in case of sudden emergency (Article 1061).
(viii) To increase daily and mileage rates in special localities (Article 1139).
(ix) To permit travelling allowance by other than the shortest or cheapest route (Article 997).
(x) To sanction carriage of camp equipment and horses by rail (Article 1000).
(xi) To prescribe limitations regarding carriage of camp equipment and horses by rail (Article 1001).
(xii) To prescribe scale of tents (Article 1042a).

3. The term "Local Government" used in the Civil Service Regulation is apparently a Local Government of the British Administration, but in the case of officers lent to Mysore, it is doubtful whether it means (i) "the Mysore Government," (2) "the Resident in Mysore," or (3) the Local Governments to which the officers originally belonged. In the case of latter (*viz.* 2 & 3), it will be inconvenient and unnecessary for the Mysore Government to go to them for orders in routine matters, and it will therefore be sufficient if we only obtain their orders in matters of importance as explained in the next para.

4. Cases 8 and 12 mentioned in para 2 are dealt with separately in paras 5 and 6.

Cases 2, 3, 4 and 9 are ordinary and may be left to the Mysore Government for disposal.

Cases 1, 3, 5, 7, 10 and 11 may be considered important requiring the orders of the Resident, and a general order of the authority, which may be taken as Local Government for the purposes of the Regulations, may be obtained on each one of the above cases to enable the Mysore Government to dispose of each claim as it arises without further reference to the Resident, or the Mysore Government may be permitted to exercise the powers of a local Government in those cases, as is done in the case of certain officers and Departments of the British Government (*vide* Appendix I of the Civil Service Regulations).

5. The special rate of daily allowance prescribed in Article 603 of the Mysore Service Regulations (*viz.*, 50 per cent over the ordinary rate) for the journeys undertaken in the Kolar Gold Fields and in the Malnad tracts, seems reasonable, and may be adopted, subject to the limit mentioned in Article 1132 (i) of the Civil Service Regulations. It must be noted that the special rate does not apply to mileage.

6. A statement showing the number of tents used by the lent officers, their measurement, and their estimated value is, as compiled from the statements received from them, herewith sent in the form prescribed by the Madras Government. A scale of tents to be supplied to the officers of the Mysore Government is laid down in Article 538 of the Mysore Service Regulations as shown in column 8 of the statement, and the same may, I think, be adopted.

In para 6 of the First Assistant Resident's letter mention is made of the individual case of only Mr. Maconochie, but as the case of Lieutenant Heale is of a similar nature, the orders of the Resident may be obtained in his case also.

7. Another point to be settled in connection with travelling allowance is the rate of travelling allowance to certain officers. Public Works officers are generally permitted to draw the pay of the grade next above that to which they belong under that ruling, or on the ground of their holding the posts of Chief Engineer and Superintending Engineer. Mr. McHutchin and Mr. Whiteley draw Rs. 7-8-0 and Rs. 6 a day, the rates fixed for the officers of corresponding rank in British service, while they are entitled to only Rs. 6 and Rs. 5, respectively, on their status proper in the British service. Accordingly Captain Traill, Superintending Engineer, who is entitled to only Rs. 5 a day as first class officer in the British service, draws Rs. 6 as Superintending Engineer here.

Mr. Muthanna, Conservator of Forests in Mysore, also draws the same special rates of travelling allowance as are prescribed for the Conservator in Madras, while he is entitled to ordinary rates admissible to first class officers in British service.

8. As regards the supply of Transport ponies and State carriages on hire, the Military Assistant explains that the lent officers are allowed to hire Government carriages or Transport riding ponies on exactly the same terms as those officers who belong entirely to the Mysore State service, and the copies of the rules on the subject are herewith sent. An exception is alleged to have been made in the case of the Inspecting Officer, Hyderabad and Mysore Imperial Service Cavalry, who is supplied with a victoria and a pair of ponies free of charge when in Bangalore pending the sanction of the Government of India, but it has no bearing on the present question.

9. Separate rules are, I understand, being framed by the Dewan for granting travelling allowance to all the officers (local and lent) invited to Mysore as State guests in connection with His Highness the Maharaja's Birthday and the Dasara, and no further remarks seem necessary in the matter.

10. In regard to the payment of fees for services in connection with the Government Local Examinations, the Funds of the examination are administered by the Durbar, and their receipts and payments are shown in the public accounts as State revenue and expenditure.

It is mentioned in the First Assistant Resident's letter that the remuneration of lent officers should be regulated by Article 72 of the Civil Service Regulations, the sanction of the Government of India being obtained to the payment of sums exceeding Rs. 500. Under the same article the Head of a Department is empowered to sanction payment up to Rs. 100 and this power of sanction can be invested in the Mysore Government, sanction of the Resident being applied for for payments exceeding that amount.

W. P. Submitted for orders.
26-5-06.

As directed, a synopsis showing the several points at issue and the Comptroller's views regarding them, is submitted.

A draft letter to the Residency is also submitted.

W. P.
29-5-06.

The draft as revised by me is submitted herewith. It embodies the Comptroller's views except in respect of three particulars, *viz.*:—

(i) Under Chapter XI of the Civil Service Regulations the sanction of the Local Government is necessary in certain specified cases. The Comptroller proposes, as one of the alternatives, that certain cases may be treated as routine so as not to require the sanction of the Government of India or the Local Government concerned, while the others may be regarded as important ones requiring such sanction. The draft proposes that this power may be delegated to the Government of His Highness for the reasons set forth in paras 2 of the draft.

(ii) The next point is about special mileage rates—para 3 (*b*) of the draft. In para 5 of his note the Comptroller observes "It must be noted that the special rate does not apply to mileage"; whereas the Residency letter (para 4) expressly states that special rates of mileage as well as daily allowance must be prescribed. The Mysore Service Regulations do not recognize special rates of mileage. In this view the Comptroller's observation is doubtless correct; but the proposal is to apply the provisions of Chapter XI of the Civil Service Regulations to lent officers but not those of the Mysore Service Regulations. Under the former special rates of mileage are allowed in special tracts. Still there arises the question whether the Malnad and the Gold Fields are such tracts as to necessitate special mileage rates. Both the tracts have been opened up and contain first class roads. Many a point therein is connected with train service. Appendix 29 to the Civil Service Regulations mentions the tracts with reference to which special mileage rates are allowed. Most of these seem to be comparatively backward as regards means of communications including train service. It is, therefore, a point for decision whether the Resident's suggestion that a special mileage rate, *viz.*, half as much again as the ordinary, may be adopted with reference to both of these tracts or either. The draft, however, retains the special rate as regards both the areas.

(iii) The third point is about Examination fees. The Comptroller's note (last para) suggests that power may be taken on behalf of the Mysore Government to sanction payment of fees up to Rs. 100, the Resident's sanction being necessary to payment of larger sums. But this very much falls short of the extent of power which para 5—IV of the Residency letter proposes to delegate to the Mysore Government, *viz.*, up to Rs. 500, the power of sanction possessed by a Local Government in British India as regards charges on provincial revenues. The draft agrees to the view of the Resident.

Secretary. D. M. NARASINGA RAO.
3-6-06.

I am sorry there has been all this delay in carrying out the instructions conveyed, and the suggestions approved of, in the Residency letter dated 21st April 1906. Even now the draft reply put up by the office tends to protract correspondence on matters on which definite conclusions have been reached.

I have therefore put up two fresh drafts, one being an order enforcing the observance of the rulings on the above points on the part of all concerned; and the other a letter to the First Assistant to the Hon'ble the Resident intimating the issue of such orders, explaining a few further points on which an understanding is desirable and furnishing information called for on others.

I have not been able to obtain from Colonel Jones the specific information that the Residency require in regard to the use of Government transport and carriages by lent officers, beyond a general statement that they are treated exactly like other officers. I have therefore written to him again for more detailed information which will be sent to the Residency on receipt.

Re-drafts submitted for approval.

**Serial No. 1.**

"I am directed to refer to the correspondence ending with Mr. Venkatavaradiengar's letter Pol. No. 106, dated the 3rd August 1904, regarding the allowances and emoluments of officers lent for employment in Native States under Foreign Service Rules.

2. Under existing orders, Government officers whose services have been so lent are prohibited from accepting without the sanction of Government, any remuneration or emolument, whether in the form of money allowance or of conveniences or privileges which have a pecuniary value. Not long ago, however, circumstances came to light which led to the belief that these orders were being disregarded and accordingly enquiries were instituted to ascertain whether, and if so to what extent, this was actually the case.

3. The results of this enquiry show that in a very large number of cases, officers lent to Native States have, in defiance of clear orders to the contrary, permitted themselves to receive from the Durbars a great variety of allowances in addition to their pay, as well as perquisites, such as rent-free houses, furniture, the use of carriages and horses, tents, fuel, fodder, lighting, labour, and in some cases, supplies. In the large majority of cases these irregular emoluments have come into being without the sanction or even the knowledge of the Government of India and in some instances without that of the local Political officers.

4. When a Government officer is lent for employment in a Native State, the Government of India reserve to themselves the right to fix the remuneration which he may receive from his foreign employer partly in order to safeguard the interests of the latter, partly because it is inexpedient that such officers should accept from the Durbars remuneration largely in excess of that which they would receive from Government for the performance of similar duties in British India. It is manifest that this important condition is liable to be defeated if lent officers are permitted to accept from the Durbars without the previous knowledge or sanction of the Government of India, any addition to the remuneration expressly sanctioned by Government. It has accordingly been decided to lay down the following rules, which will in future regulate the remuneration that may be given to Government officers when lent for employment by Native States. The rules will apply, in their entirety, to every officer whose services may be so lent after the 18th August 1905. The Governor-General in Council desires it to be clearly understood that he attaches the utmost importance to the scrupulous observance of the orders, in letter and in spirit, by officers of every rank, whether high or low, and that any breach thereof will render the offender liable to be summarily removed from his appointment."

RULES.

1. (*a*) No Government officer whose services have been lent for employment in Native States is permitted to receive from the Durbar any remuneration or emolument, whether in cash or otherwise, except such as has been expressly sanctioned by the Government of India in the orders placing his services at the disposal of the State.

(*b*) If the orders are silent as to any particular form of remuneration, the intention is that it shall not be received.

(*c*) The kind of emolument contemplated by this rule includes (1) cash allowances of every kind, such as fixed travelling, horse, conveyance, local and personal allowances and house rent; (2) such conveniences as rent-free houses, furniture, horses and carriages, tents,

boats, and transport while on tour; and (3) such services as lighting whether by oil gas or electricity, fuel, fodder, supplies of every description, servants and labour, whether salaried or convict.

It must, however, be clearly understood that this list is merely for purposes of illustration and is not exhaustive. The prohibition extends to every addition to salary whatsoever, whether in cash or not.

II. (*a*) When a Local Government or Administration or a Political Officer desires to recommend the loan of an officer's services for employment under a Native State, they or he shall, when submitting the recommendation, specify precisely the salary which it is proposed that the officer shall receive; and if it is desired that any addition to salary shall be sanctioned, the exact nature and value thereof, together with the reasons for recommending it, shall be submitted simultaneously.

(*b*) The orders of the Government of India sanctioning the loan of the officer's services shall recapitulate precisely the salary and additions thereto, if any, which it may be decided to sanction, and, as stated in Rule 1, it is those allowances only which are expressly enumerated in the order of sanction, and no others, that the officer is permitted to receive.

III. The following additions to salary will ordinarily be sanctioned where recommended:

(*a*) Contribution towards leave and pension under the rules of the Civil Service Regulations.

(*b*) Exchange compensation allowance, in the case of officers who are drawing it prior to the loan of their services to the Native State, and to whom the State desires to grant it and.

(*c*) Travelling allowance under the ordinary rules of the Civil Service Regulations.

N. B. This does not extend to fixed monthly travelling allowances or conveyance or horse allowances: these will only be sanctioned in special cases where the circumstances so require.

IV. The following additions to salary (of which examples are not infrequent) will not be sanctioned in any circumstances, *viz.*, lighting, fuel, fodder, supplies of any description, whether at head-quarters or on tour, servants and labour whether salaried or convict.

V. (*a*) The supply at the cost of the Durbar, of tents, boats and transport while on tour will ordinarily be sanctioned in circumstances in which it would be sanctioned in the case of an officer of corresponding position in British India, and on a similar scale. In such cases, the officer will be required to conform to the rules in the Civil Service Regulations regulating the travelling allowance of officers supplied, or partially supplied, with the means of locomotion at the cost of Government.

(*b*) As an exception to the foregoing rule (*a*), transport while on tour may, if recommended, be sanctioned, for Native Officers only, on a more extensive scale than in the case of similar officers in British India. In such cases, however, the recommendation should be accompanied by proposals for an equivalent reduction of the travelling allowance admissible to the officer under the ordinary rules.

VI. (*a*) In the case of the following additions to salaries, *viz.*, rent-free houses furniture, and the use of a conveyance and horses, a distinction is drawn between European and Native Officers. It should be understood however that in neither case are any of the additions permitted except with the previous sanction of the Government of India.

(*b*) In the case of a European Officer, the use of a rent-free house will not ordinarily be permitted. An exception may however be sanctioned if

at the place where he is required to reside, there is no house in which he may reasonably be expected to live except such as are the property of the Durbar. In such a case, rent at a fair rate (to be approved by Government) should be paid to the Durbar if the latter is willing to receive it.

Neither furniture, nor the use of a conveyance and horses will ordinarily be sanctioned for a European Officer. If for any reason these are recommended and sanctioned the scale, class and number that may be sanctioned must strictly be adhered to and on no account exceeded.

If a rent-free house, furniture, conveyance or horses are sanctioned, an equivalent reduction in the officer's salary must be simultaneously proposed for the approval of Government.

(*c*) In the case of a Native Officer, a rent-free house or furniture or a carriage and horses will ordinarily be sanctioned only, if having regard to the nature of the appointment which the Native Officer fills, it is in accordance with local custom and with the express wishes of the Durbar. In every such case, however, (1) the sanctioned scale must be strictly adhered to, and (2) an equivalent reduction in the officer's salary must be simultaneously proposed for the approval of Government.

VII. A copy of these rules should be forwarded by the Audit officer concerned—

(*a*) to every officer of Government now in foreign service under any Native State;

(*b*) to every such officer who may now be on leave, immediately on his return from leave;

(*c*) to every officer whose services may hereafter be lent for employment in a Native State; in such cases the rules should be attached to the orders which it is the duty of the Audit officer to issue regarding the payment of contributions for leave and pension;

(*d*) to every such officer now or hereafter lent for employment in a Native State whose engagement terminates and is renewed, on the renewal of his engagement.

5. I am to request that steps may be taken to enforce the above rules in the case of all officers who may hereafter be lent for employment under the Government of His Highness the Maharaja of Mysore. The Officiating Resident will be obliged if, at the end of every year beginning with the 1st January 1906, the Durbar will be so good as to furnish a report dealing with the operation of the orders during that period.

6. In regard to the case of the officers whose services have already been lent to the Durbar, I am to communicate the following orders:—

(1) The additions to salary enumerated in Rule III in paragraph 4 *supra* will be assumed to have been duly sanctioned in respect of any officer who was actually in receipt of them on the 18th August 1905.

(2) The additions to salary enumerated in Rule IV, must be absolutely and permanently discontinued in every case with effect from the above date.

(3) As regards the services enumerated in Rule V, *viz.*, tents, boats and transport, while on tour, the provisions of that rule should be enforced with effect from the above date. If the Durbar desire to make any recommendation in favour of any Native Officer in accordance with the provisions of Rule V (*b*), proposals for reduction of the travelling allowance otherwise admissible to him should be submitted simultaneously.

(4) In the case of officers who, without the express sanction of the Government of India are in enjoyment of the use of furniture or of carriages and horses, the property of the Durbar, their use may be continued for a short time, until the officers concerned have been able to make their own arrangements. In no circumstances, however, may this concession be permitted to continue beyond the 31st December 1905. If the Durbar desire in the case of any native officer, to submit any recommendation in respect of the use of furniture or of carriages and horses, this should be done without delay. In cases where this is not done, or where sanction is not accorded, the orders contained in the preceding sub-paragraph will apply, *i.e.*, the privilege will cease with effect from the 31st December 1905.

NOTE.—In addition to Native Officers, this clause may be held applicable to European Officers who hold the position of Private Secretary, Tutor or Guardian to any Native Chief.

(5) In the case of officers who without the express sanction of the Government of India are in possession of rent-free houses supplied by the Durbar, the same principle will apply as in the case of furniture and carriages and horses, except that if it should be decided that the officer may be permitted to continue to occupy the house, rent at a fair rate, to be approved by Government, must be paid to the Durbar, with effect from the 6th September 1905. If in any case the Durbar be unwilling to accept rent, an equivalent reduction of the officer's salary will have to be made with the approval of the Government of India.

(6) Lastly, if in any individual case the Durbar should be of opinion that serious hardship would be caused by the immediate withdrawal from any existing incumbent of any of the unauthorized privileges (other than those mentioned in Rule IV) which might have been sanctioned if the conditions of employment of the officer were now being settled for the first time, a report should be submitted to the Residency for the orders of the Government of India. Inasmuch, however, as the existing orders on the subject should have been perfectly well known to all the officers concerned, and as the disregard of them which has come to the knowledge of Government has in many instances been of a serious character, the Governor-General in Council does not anticipate that a case can be made out for many such exceptions and expects them to be put forward only in circumstances of urgent necessity. Pending receipt of sanction to any exceptions that may be allowed, the orders contained in the foregoing clauses of this letter should be enforced in all cases.

Not long ago, however, circumstances came to light which led to the belief that these orders were being disregarded and accordingly enquiries were instituted to ascertain whether, and if so to what extent, this was actually the case.

3. The results of this enquiry show that in a very large number of cases, officers lent to Native States have, in defiance of clear orders to the contrary, permitted themselves to receive from the Durbars a great variety of allowances in addition to their pay, as well as perquisites, such as rent-free houses, furniture, the use of carriages and horses, tents, fuel, fodder, lighting, labour, and in some cases, supplies. In the large majority of cases these irregular emoluments have come into being without the sanction or even the knowledge of the Government of India and in some instances without that of the local Political officers.

4. When a Government officer is lent for employment in a Native State, the Government of India reserve to themselves the right to fix the remuneration which he may receive from his foreign employer partly in order to safeguard the interests of the latter, partly because it is inexpedient that such officers should accept from the Durbars remuneration largely in excess of that which they would receive from Government for the performance of similar duties in British India. It is manifest that this important condition is liable to be defeated if lent officers are permitted to accept from the Durbars without the previous knowledge or sanction of the Government of India, any addition to the remuneration expressly sanctioned by Government. It has accordingly been decided to lay down the following rules, which will in future regulate the remuneration that may be given to Government officers when lent for employment by Native States. The rules will apply, in their entirety, to every officer whose services may be so lent after the 18th August 1905. The Governor-General in Council desires it to be clearly understood that he attaches the utmost importance to the scrupulous observance of the orders, in letter and in spirit, by officers of every rank, whether high or low, and that any breach thereof will render the offender liable to be summarily removed from his appointment."

## RULES.

1. (*a*) No Government officer whose services have been lent for employment in Native States is permitted to receive from the Durbar any remuneration or emolument, whether in cash or otherwise, except such as has been expressly sanctioned by the Government of India in the orders placing his services at the disposal of the State.

   (*b*) If the orders are silent as to any particular form of remuneration, the intention is that it shall not be received.

   (*c*) The kind of emolument contemplated by this rule includes (1) cash allowances of every kind, such as fixed travelling, horse, conveyance, local and personal allowances and house rent; (2) such conveniences as rent-free houses, furniture, horses and carriages, tents,

boats, and transport while on tour: and (3) such services as lighting whether by oil gas or electricity, fuel, fodder, supplies of every description, servants and labour, whether salaried or convict.

It must, however, be clearly understood that this list is merely for purposes of illustration and is not exhaustive. The prohibition extends to every addition to salary whatsoever, whether in cash or not.

II. (*a*) When a Local Government or Administration or a Political Officer desires to recommend the loan of an officer's services for employment under a Native State, they or he shall, when submitting the recommendation, specify precisely the salary which it is proposed that the officer shall receive: and if it is desired that any addition to salary shall be sanctioned, the exact nature and value thereof, together with the reasons for recommending it, shall be submitted simultaneously.

(*b*) The orders of the Government of India sanctioning the loan of the officer's services shall recapitulate precisely the salary and additions thereto, if any, which it may be decided to sanction, and, as stated in Rule I, it is those allowances only which are expressly enumerated in the order of sanction, and no others, that the officer is permitted to receive.

III. The following additions to salary will ordinarily be sanctioned where recommended:—

(*a*) Contribution towards leave and pension under the rules of the Civil Service Regulations.

(*b*) Exchange compensation allowance, in the case of officers who are drawing it prior to the loan of their services to the Native State, and to whom the State desires to grant it and.

(*c*) Travelling allowance under the ordinary rules of the Civil Service Regulations.

N. B.—This does not extend to fixed monthly travelling allowances or conveyance or horse allowances: these will only be sanctioned in special cases where the circumstances so require.

IV. The following additions to salary (of which examples are not infrequent) will not be sanctioned in any circumstances, *viz.*, lighting, fuel, fodder, supplies of any description, whether at head-quarters or on tour, servants and labour whether salaried or convict.

V. (*a*) The supply at the cost of the Durbar, of tents, boats and transport while on tour will ordinarily be sanctioned in circumstances in which it would be sanctioned in the case of an officer of corresponding position in British India, and on a similar scale. In such cases, the officer will be required to conform to the rules in the Civil Service Regulations regulating the travelling allowance of officers supplied, or partially supplied, with the means of locomotion at the cost of Government.

(*b*) As an exception to the foregoing rule (*a*), transport while on tour may, if recommended, be sanctioned, for Native Officers only, on a more extensive scale than in the case of similar officers in British India. In such cases, however, the recommendation should be accompanied by proposals for an equivalent reduction of the travelling allowance admissible to the officer under the ordinary rules.

VI. (*a*) In the case of the following additions to salaries, *viz.*, rent-free houses furniture, and the use of a conveyance and horses, a distinction is drawn between European and Native Officers. It should be understood however that in neither case are any of the additions permitted except with the previous sanction of the Government of India.

(*b*) In the case of a European Officer, the use of a rent-free house will not ordinarily be permitted. An exception may however be sanctioned if

at the place where he is required to reside, there is no house in which he may reasonably be expected to live except such as are the property of the Durbar. In such a case, rent at a fair rate (to be approved by Government) should be paid to the Durbar if the latter is willing to receive it.

Neither furniture, nor the use of a conveyance and horses will ordinarily be sanctioned for a European Officer. If for any reason these are recommended and sanctioned the scale, class and number that may be sanctioned must strictly be adhered to and on no account exceeded.

If a rent-free house, furniture, conveyance or horses are sanctioned, an equivalent reduction in the officer's salary must be simultaneously proposed for the approval of Government.

(*c*) In the case of a Native Officer, a rent-free house or furniture or a carriage and horses will ordinarily be sanctioned only, if having regard to the nature of the appointment which the Native Officer fills, it is in accordance with local custom and with the express wishes of the Durbar. In every such case, however, (1) the sanctioned scale must be strictly adhered to, and (2) an equivalent reduction in the officer's salary must be simultaneously proposed for the approval of Government.

VII. A copy of these rules should be forwarded by the Audit officer concerned—

(*a*) to every officer of Government now in foreign service under any Native State;

(*b*) to every such officer who may now be on leave immediately on his return from leave;

(*c*) to every officer whose services may hereafter be lent for employment in a Native State; in such cases the rules should be attached to the orders which it is the duty of the Audit officer to issue regarding the payment of contributions for leave and pension;

(*d*) to every such officer now or hereafter lent for employment in a Native State whose engagement terminates and is renewed, on the renewal of his engagement.

5. I am to request that steps may be taken to enforce the above rules in the case of all officers who may hereafter be lent for employment under the Government of His Highness the Maharaja of Mysore. The Officiating Resident will be obliged if, at the end of every year beginning with the 1st January 1906, the Durbar will be so good as to furnish a report dealing with the operation of the orders during that period.

6. In regard to the case of the officers whose services have already been lent to the Durbar, I am to communicate the following orders:—

(1) The additions to salary enumerated in Rule III in paragraph 4 *supra* will be assumed to have been duly sanctioned in respect of any officer who was actually in receipt of them on the 18th August 1905.

(2) The additions to salary enumerated in Rule IV, must be absolutely and permanently discontinued in every case with effect from the above date.

(3) As regards the services enumerated in Rule V, *viz.*, tents, boats and transport, while on tour, the provisions of that rule should be enforced with effect from the above date. If the Durbar desire to make any recommendation in favour of any Native Officer in accordance with the provisions of Rule V (*b*), proposals for reduction of the travelling allowance otherwise admissible to him should be submitted simultaneously.

(4) In the case of officers who, without the express sanction of the Government of India are in enjoyment of the use of furniture or of carriages and horses, the property of the Durbar, their use may be continued for a short time, until the officers concerned have been able to make their own arrangements. In no circumstances, however, may this concession be permitted to continue beyond the 31st December 1905. If the Durbar desire in the case of any native officer, to submit any recommendation in respect of the use of furniture or of carriages and horses, this should be done without delay. In cases where this is not done, or where sanction is not accorded, the orders contained in the preceding sub-paragraph will apply, *i.e.*, the privilege will cease with effect from the 31st December 1905.

NOTE.—In addition to Native Officers, this clause may be held applicable to European Officers who hold the position of Private Secretary, Tutor or Guardian to any Native Chief.

(5) In the case of officers who without the express sanction of the Government of India are in possession of rent-free houses supplied by the Durbar, the same principle will apply as in the case of furniture and carriages and horses, except that if it should be decided that the officer may be permitted to continue to occupy the house, rent at a fair rate, to be approved by Government, must be paid to the Durbar, with effect from the 6th September 1905. If in any case the Durbar be unwilling to accept rent, an equivalent reduction of the officer's salary will have to be made with the approval of the Government of India.

(6) Lastly, if in any individual case the Durbar should be of opinion that serious hardship would be caused by the immediate withdrawal from any existing incumbent of any of the unauthorized privileges (other than those mentioned in Rule IV) which might have been sanctioned if the conditions of employment of the officer were now being settled for the first time, a report should be submitted to the Residency for the orders of the Government of India. Inasmuch, however, as the existing orders on the subject should have been perfectly well known to all the officers concerned, and as the disregard of them which has come to the knowledge of Government has in many instances been of a serious character, the Governor-General in Council does not anticipate that a case can be made out for many such exceptions and expects them to be put forward only in circumstances of urgent necessity. Pending receipt of sanction to any exceptions that may be allowed, the orders contained in the foregoing clauses of this letter should be enforced in all cases.

No. G. 2096-2116—G. M. 123-05-2, DATED BANGALORE, 26TH OCTOBER 1905.

ORDER THEREON.—Communicated to all the lent officers in the Mysore State, to the Comptroller to the Mysore Government and to the Examiner of the Public Works Accounts, as well as to the marginally noted officers for information and guidance.

1. The Secretary to Government for Public Works and Railways.
2. The Military Assistant to Government.
3. The Inspector-General of Prisons.
4. The Officer in Charge of the Palace Establishments.

2. The orders of the Government of India must be given effect to absolutely and without reservation; any representation that may be necessary in any individual case being made the subject of a separate reference.

*Re* allowances and emoluments of officers lent for employment in Native States under Foreign Service Rules.

3. In order to enable Government to see how far these orders have been complied with, the Comptroller and the Examiner of Public Works Accounts, are requested to submit by the 1st of January 1906, a statement in tabular form showing in parallel columns the emoluments drawn by each officer prior to the enforcement of the orders of the Government of India, and those which alone he is authorized to draw under those orders.

4. At the end of every year beginning with the 1st of January 1906, the Comptroller and the Examiner will submit reports dealing with the operation of the said orders during that period, for communication to the Residency, obtaining from each lent officer a declaration as to the nature and extent of the emoluments drawn by him during the year.

I have the honour to address you with reference to G. O. Confidential No. 2096-2116—G. M. 123-05-2, dated 26th October 1905, communicating the orders of the Government of India *re* easements as contained in the First Assistant Resident's No. 5599, dated the 28th September 1905.

2. As the principal easements that I enjoy, *viz.*, free furnished house and carriage, were specifically sanctioned by the Government of India when I joined my appointment, I understand that so far as they are concerned, the new orders do not affect me.

3. The only other easement that I enjoy, is that of free tents when I accompany His Highness on tour. These tours are very brief and only occur at rare intervals, and it would be unreasonable to expect me to maintain an equipment of tents, which might only be used once in three years, as has actually been the case. The rapidity with which His Highness travels involves the use of no less than four sets of tents. Under the circumstances I have the honour to request that the sanction of the Government of India may be obtained to my using tents, the property of the Durbar, when accompanying His Highness on tour.

I am to ask you to intimate to Government, likewise, all the services received through State agency whether on payment or not, whether already sanctioned or not; for instance a Government building hired on rent or a State carriage supplied on payment, free houses and conveyances supplied with Government sanction.

*D. O. dated Bangalore 27th November 1905, from N. G. Basu, Esq., Comptroller, Mysore Government, to the Officiating Deputy Secretary to Government, General and Revenue Departments.*

**Serial No. 8.**

In reply to your letter No. G. 2613-26—G. M. 123-05-4, I beg to say that I am not in the enjoyment of any of the easements mentioned in Rules IV, V and VI of the Rules regulating the grant of easements to lent officers, either on payment or without payment.

I may, however, report for your information that during the last Birth-day Durbars in Mysore, I received as a State guest, free house, free food and free conveyance from the Government. I could not object to these temporary easements because I felt that a refusal might give offence, and I therefore decided not to draw the daily allowances to which I was entitled for the days of my stay in Mysore. I drew only the railway fare and met the expenses of taking my private servant to Mysore and back out of my own pocket.

As regards menial servants, I found on joining my present appointment here that the usual practice for the Comptroller was to utilise the services of some of the office peons for household work. By the terms of my appointment, I am forbidden to adopt any such course, and I therefore was able to make some reductions in the number of peons for the Comptroller. At present, however, an office peon on Rs. 6 attends my house chiefly for any office work that may turn up while I am at home beyond office hours and for this I give him his food and he gets his pay from office. It happens sometimes, in circumstances beyond my control, that I am obliged to employ the peon on private work. When this is the case, and he does not attend office, I always disburse the pay for the day myself and deduct the amount from the Government pay bill in the Column for "Fines and Savings."

**Serial No. 9.**

In reply to your letter No. G. 2613-26—G. F. 123-05-2, dated the 26th ultimo, I have the honour to inform you that I am not in the enjoyment of any of the easements referred to except Government tents, which I use while on tours of inspection, and for which the sanction of the Government of India has recently been applied for. (*Vide* copy of this Office No. 1155—7621 of 21st instant enclosed.) I receive no services of any kind through the State Agency.

ENCLOSURE TO THE ABOVE.

*Letter No. 1155—7621, dated 21st November 1905, from the Secretary to the Government of Mysore, P. W. D., to the First Assistant to the Hon'ble the Resident in Mysore.*

With reference to para 6 (3) of your letter No. 5599 of the 28th September last, to the address of the Dewan of Mysore in which it is laid down that as regards the services enumerated in Rule V (*a*), *viz.*, tents, boats, etc., while on tour the provisions of that rule should be enforced with effect from the 18th August last, I have the honour to bring to your notice that under Article 538 of the Mysore Service

*Proceedings of the Government of His Highness the Maharaja of Mysore,*

*Re* allowances and Emoluments of officers lent for employment in Native States under Foreign Service Rules.

Regulations (extract enclosed for reference) all officers in the Mysore Local Service are allowed the free use of Government tents when on tours of inspection; and hitherto Imperial officers lent to this Department of the State have been enjoying this privilege. If, under the ruling quoted above, it be considered necessary that the sanction of the Government of India should be obtained for the free use of Government tents by the Imperial Officers in the Public Works Department whose services have been lent to the Mysore State, I request that you will be so good as to move the Hon'ble the Resident in Mysore to obtain such sanction to the free use of Government tents by the marginally noted officers in this Department when proceeding on tour. I may here mention that no tentage allowance as that laid down in Article 1043 of Civil Service Regulations is allowed by the Mysore Government to any of its officers.

Mr. W. McHutchin, Chief Engineer and Secretary to Government of Mysore, P. W. D.
Mr. J. J. Whiteley, Superintending Engineer, Eastern Circle.
Captain W. S. Traill, R.E., Superintending Engineer, Western Circle.
Mr. W. H. Scott, Examiner, P. W. Accounts of Mysore.
Lieut. N. B. Dawes, R.E., Deputy Chief Engineer and Under-Secretary to Government of Mysore, P. W. D.

2. The travelling allowances of the Imperial officers lent to the Mysore State have hitherto been regulated under the Mysore Service Regulations and not under the Civil Service Regulations as required by Rule III (c).

As it is desirable that both Imperial officers and officers of the Local Service should be on the same footing as regards travelling allowances, I request that the sanction of the Government of India may be obtained to this arrangement.

In reply to your letter No. G. 2613-26—G. M. 123-05-4, dated 22nd instant, in which you make enquiries in connection with the rules issued with Government Proceedings No. G. 2096-2116 G. M. F. 123-05-2, dated the 26th October 1905, I beg to inform you that I am not in the enjoyment of any of the easements mentioned in rules IV, V and VI; also I am in receipt of no services performed through State Agency of any description.

Venkatararadiengar, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, Bangalore.* **Serial No. 11**

I have the honor to state that I am not conscious of being in receipt of any easements. I had a Government tent till recently when I returned it to Stores. I frequently use Government transport in my tours but pay for it at the rates fixed by Government. Five, sometimes ten convicts attend the office of the Inspector-General of Prisons which is in my compound. They work not only in my Jail office but in my general and plague offices and keep the stables occupied by the clerks, ponies, etc., clean. They also water the plants in the compound and do nothing else that I know of. I don't know whether this is to be regarded as being in possession of convict servants. But as the prisoners water my plants and I don't pay for their doing so perhaps it may be so regarded. Hence I give the facts for such opinion as it may please the Government of India to form on them.

*Re* allowances and emoluments of officers lent for employment in Native States under Foreign Service Rules.

2. When I go to Mysore City on duty I occupy a room in a house which has been divided by Government for such purposes between the Chief Engineer, the Revenue Survey Commissioner, the Military Assistant and myself.

3. I cannot think of anything else in the way of an easement which I enjoy from the Government of Mysore.

With reference to your letter No. G. 2613-26—G. M. 123-05-4, **Serial No. 12.** dated the 22nd instant, I have the honour to inform you that the following are the easements which I enjoy as Tutor to the Yuvaraja of Mysore.

Free house.—Sanctioned in Government Proceedings No. G. 2802-3—G. M. 23-3, dated 19th November 1904.

Furniture for above.—Paid at the rate of 5 per cent per annum on its value, *vide* Government Order No. G. 6830-1—G. M. 416-7, dated 30th June 1905.

Travelling allowance.—Rs. 5 a day for the first ten days' halt at a place beyond head-quarters. *Vide* Government Proceedings No. Fl. 6346-7—S. & A. 515-04-9, dated 27th March 1905.

Use of Transport carriage.—On payment at usual rates for Government officers.

*Letter No. 2044, dated 29th November 1905, from Lieut.-Col. R. G. Jones, Military Assistant to the Government of Mysore, to Mr. Ramaswamy Iyengar, Officiating Deputy Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.*

With reference to the queries contained in your No. G. 2613-26 **Serial No. 13.** G. M. 123-05-4, dated 22nd November 1905, I beg to estate that

I. When I joined the Mysore service, the house at Mysore now known as the "Staff Quarters" belonged to the appointment of Military Secretary. I however pointed out to Sir Sheshadri Iyer that I never required more than a room and suggested that to save wear and tear of Government House furniture by Heads of Departments when visiting Mysore I thought the rooms of the present Staff Quarters might be allotted to Colonel Grant, Superintendent of Revenue Survey, the Sanitary Commissioner, the Chief Engineer and myself. This allotment was made and I still have a room whenever I want it.

Again with reference to Quarters at the Stud Farm.

II. This Breeding establishment used to be managed from the Chunda Fund and it was found advisable to maintain a cottage consisting of one large room with two bedrooms, etc., for the Military Assistant to the Commission (an appointment then held by the late General Sir Richard Stewart). The bungalow has ever since belonged to the appointment I hold. In 1897 on revision of the Chunda Fund the building was taken over by Government but has always remained entirely at my disposal. It is furnished with crockery, chairs, etc., which have become generally worn or unfit for use at Government House, and when guests are entertained or inspections by high officials take place, any necessary extra kit is temporarily obtained on loan from Government Stores.

III. With regard to use of Transport ponies, carriages and horses.

The Transport Corps having been raised since my appointment, I did not consider myself entitled to the free use of animals belonging to the Corps, and though

*Proceedings of the Government of His Highness the Maharaja of Mysore,*

*Re* allowances and emoluments of officers lent for employment in Native States under Foreign Service Rules.

I obtained permission for the free use of these by the subordinate officers of my Department and by the Chief Commandant I have always myself paid hire for any used.

With reference to No. I noted above.

I would suggest that in the terms of the order of the Government of India the Durbar should charge me rent for my accommodation while I make use of it.

I am of course willing to pay any sum fixed but as it may assist in deciding the question to have my views I would suggest a rent of Rs. 2 per diem while I am in Mysore.

Furnished rooms at the Club in Bangalore being Re. 1 per diem, I think that double that amount would be considered by the Resident to fairly cover the extra convenience of the reservation of rooms.

With reference to No. II.

The Stud Farm cottage is a very humble affair and I think a charge of Re[illegible] per diem would be quite fair.

With reference to No. III.

I always pay for daks when I use them for myself. But Kunigal Stud F[illegible] is now a place of some interest to the general public. Consequently, Sir Shes[illegible] Iyer gave me permission to place a dak to the Farm at the disposal of any gu[illegible]

As I entertain these semi-public guests at my own expense and people ar[illegible] constantly asking me to take them to see the Farm, I think there would be no[illegible] in still continuing this practice. Though the matter might be brought form[illegible] the notice of the Resident, I should note that when I travel in the same carr[illegible] a guest, I do not pay for the dak because I have already had to pay for [illegible] servants, baggage, etc., ahead.

For example last week when I had the honor of entertaining the Reside[illegible] the Lieutenant-General Commanding Secunderabad Division. I used th[illegible] actually laid for the Resident but as I went the day before he travelled *I pa[illegible] the dak*. Had I, however, accompanied Mr. Williams I should not have done s[illegible]

The option of inviting guests is left to me as the expense of the entertain[illegible] falls on my private purse. During the last year I had some 40 guests.

In conclusion I would note that my batta, travelling allowance is that[illegible] down in the Mysore Service Regulations and that I draw exchange compensati[illegible]

With reference to your No. G. 2613-26- G. M. 123-05-4, dated **Serial No. 1[illegible]** 22nd instant, I have the honour to inform you that I enjoy the use of Government tents with the restrictions laid down in Civil Service Regulations (Article 1042).

I very occasionally use Government carriages on payment.

*Re* allowances and emoluments of officers lent for employment in Native States under Foreign Service Rules.

ENCLOSURE TO THE ABOVE.

*Letter dated Bangalore, 25th November 1905, from Head Karkun, Revenue Survey Head-quarter Office, to the Secretary, General and Revenue Departments.*

With reference to your letter No. G. 2613-26—G. M. 123-05-4, dated 22nd November 1905, I beg to state that I am not in the enjoyment of any of the easements mentioned in Rules IV, V and VI of Government Proceedings No. G. 2096-2116—G. M. 123-05-2, dated 26th October 1905, and to further state that I do not enjoy a Government building hired on rent or a State carriage supplied on payment, free houses and conveyances supplied with Government sanction, nor any of the privileges beyond my prescribed pay.

---

*D. O. dated Kolar Gold Fields, 9th December 1905, from Mr. P. B. Thomas, District Superintendent of Police, to the Officiating Deputy Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.*

In reply to your letter dated 22nd November 1905, I am not in enjoyment of any of the easements except a rent-free house. **Serial No. 16.**

I enjoy a rent-free Government building on the Kolar Gold Fields and it was stipulated that I should do so when my services were first lent.

*Letter C. No. 110, dated 11th December 1905, from Rai Bahadur M. Muthannah, Esq., Conservator of Forests in Mysore, to B. K. Venkatavaradiengar, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, Bangalore.*

With reference to Government Proceedings No. G. 2613-26— G. M. 123-05-4, dated the 22nd November last, I have the honour to inform you that I am in receipt of the following emoluments and none other:— **Serial No. 17.**

(1) Salary as sanctioned by the Government of India.

(2) Contribution towards Leave and Pension as per conditions upon which my services were lent to the State.

(3) Travelling allowance as per rules of the Mysore Service Regulations.

2. Tents are also supplied to me while on tour, but for their use, I am required to pay a rent of rupee one per day. The tents supplied to me are on the same scale as that sanctioned in the case of officers of corresponding rank in British India, but in regard to the cost of their carriage the Mysore rules differ from those of British India. They are invariably used partly for public and partly for private purposes.

*Letter No. 3139-351, dated Bangalore 6th December 1905, from F. E. C. Carr, Esq., Inspector-General of Police in Mysore, to B. K. Venkatavaradaiengar, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.*

With reference to your confidential letter No. G. 2613-26— G. M. 123-05-4, dated 22nd November 1905, with regard to the matter of easements mentioned in rules 4, 5 and 6 of letter No. 5599, dated 28th September 1905, from the First Assistant to the Honorable the British Resident in Mysore, I have the honor to state that, as the Government are aware, I am in receipt of no perquisites as mentioned in para 3 of the above letter. **Serial No. 18.**

My pay as sanctioned by Government is Rs. 1,400 a month and in addition to this, I draw a monthly fixed travelling allowance of Rs. 150. This is the same pay and allowance that was drawn by my predecessors, Messrs. Madiah, Venkatavaradaiengar, Rangasami Iyengar and Madhava Rao. The Government are, in addition, paying contribution towards my leave and pension allowances, under the Rules of the Civil Service Regulations, as also exchange compensation allowance as

drawn by me prior to the loan of my services to the Mysore State. The Durbar also supply me with tents on a scale somewhat smaller than what I should be entitled to in a corresponding position in British India.

Beyond the above easements, which I understand have been sanctioned by the Government of India when I was appointed as Inspector-General of Police in Mysore, I receive no perquisites, emoluments, salary, or allowances, which I should not be entitled to if I had a corresponding appointment in British India.

*D. O. dated 12th December 1905, from Mr. J. J. Whiteley, Superintending Engineer, c/o Messrs. Gindlay and Co., 54, Parliament Street, London S. W., to the Secretary, Revenue and General Departments, Government of Mysore.*

**Serial No. 19.**

In reply to your letter No. G. 2613-26 -G. M. 123-05-4, of 22nd November last, I have the honor to inform you that I am not in the enjoyment of any easements.

*Letter No. P.J. 781, dated 28th March 1906, from the Secretary to Government, General and Revenue Departments, to the First Assistant to the Hon'ble the Resident in Mysore.*

**Serial No. 32.**

I am directed to acknowledge the receipt of your letter No. 5599, dated the 28th September 1905, communicating the orders of the Government of India regarding the remuneration that may be given to officers of the British Government when lent for employment by Native States. I am to enclose a statement comparing the emoluments drawn and the easements enjoyed heretofore by British Indian Officers lent to the Mysore State, with those specifically sanctioned by the Government of India or admissible under the British Civil Service Regulations.

2. It will be observed from the statement that, except Mr. Maconochie, Lieutenant Heale and Mr. Basu, nearly all the officers concerned draw travelling allowances under the Mysore Service Regulations. It may be explained that the general rates of railway fare and road mileage are practically the same in Mysore as in British India: and in the case of rates of daily allowances, they are generally fixed with regard to the rates admissible for officers of similar official status in British India and not with reference to the rank of the particular officers in British Service.

3. Connected with the question of travelling allowances arise the questions of—

(1) The conveyance of carriages and horses of officers by rail at Government expense.

(2) The supply of Government tents.

(3) Road mileage for marches of less than 20 miles a day.

(4) Journeys to Hill Stations.

(5) Special rates for Malnad or unhealthy tracts.

(6) Exemption from the 10 days' halt rule.

As regards (1), (2), (5) and (6) Articles 1000, 1042, 1139 and 1356 in the Civil Service Regulations empower the local Governments in British India to lay down special rates to suit the circumstances of each case. In Mysore specific rules are laid down in the articles of the Mysore Service Regulations* governing these easements, and reference is requested to the following rules on the subject :—

* Copy enclosed for ready reference.

| *Nature of easements.* | *Regulated by Code rules.* |
|---|---|
| (1) Conveyance of carriages and horses at Government expense | Articles 518 A and 519. |
| (2) Supply of Government tents | Article 538. |
| (3) Road mileage for marches of less than 20 miles a day | Article 562. |
| (4) Journeys to Hill Stations | Articles 588 and 589. |
| (5) Special rates for unhealthy tracts | Articles 602 and 603 a) |
| (6) Exemption from 10 days' halt rule | Articles 552 (note under) and 553. |

4. The Government of India are hardly likely to allow this, in the face of their express directions. The fact of any rules being over-liberal is itself a reason why they should not be applied to lent officers.

5. In the case of Mr. Maconochie, the tents used by him are supplied free, and this concession should, in the opinion of the Durbar, be continued. This officer is obliged to accompany His Highness the Maharaja on tour: and as these tours are very brief and only occur at rare intervals, it would be unreasonable to expect Mr. Maconochie to maintain an equipment of tents which might only be used once in three years as has actually been the case. Besides, the rapidity with which His Highness travels involves the maintenance of no less than four sets of tents by Mr. Maconochie. For these reasons it is considered but fair that the officer in question should not be put to any extra expense on this account. As regards the travelling allowance of Mr. Maconochie when he accompanys His Highness, Article 999 of the Civil Service Regulations is applied.

In the case of the other lent officers also, they have hitherto been enjoying the privilege of the free use of tents when on tours of inspection in the same way as the officers under the British Government, under Article 538 of the Mysore Service Regulations corresponding to Article 1043 of the Government of India Civil Service Regulations. I am to request that the Government of India may kindly be moved to sanction the continuance of this privilege.

6. It will be seen from the statement that Lieutenant Heale is supplied with furniture at Government expense. This supply was at first made without the specific sanction of the Government of India; and when the omission was found out the officer was required, in accordance with the suggestion of the Hon'ble the Resident conveyed in your letter No. 3399, dated the 22nd June 1905, to pay 5 per cent per annum on the total value of the furniture supplied.

7. The following further points require special notice in connection with the statement.

(*a*) *Supply of transport ponies and State carriages on hire.*—In Mysore a Transport Corps is maintained for Imperial Service in times of need, and a large stock of carriages and horses is maintained for the use of State guests and other State purposes. When these are not required for State Service, they are supplied on hire to the State Officers, whether lent or local, at uniform rates fixed by Government.

8. (*b*) (i) *Use of a free furnished room in the "Staff quarters" at Mysore by Lieutenant Colonel Smyth, Lieutenant Colonel Jones and Mr. McHutchin, when proceeding to that City on duty.*—The "Staff quarters" belong to Government, and the rooms are now used by the officers named without payment in place of travellers' bungalows. In future, a fee of Rs. 2 per day, which is considered a fair rent, will be charged for the number of days the quarters are occupied by these officers.

(*b*) (ii) *Use of the "Stud Farm Cottage" at the Kunigal Stud Farm by Lieutenant Colonel Jones.*—The "Stud Farm Cottage" is a small Government building consisting of one large room with two bed rooms, etc., and has always been at the disposal of the Military Assistant. It is furnished with crockery, chairs, etc., that have generally become worn out or unfit for use at Government House, and when guests are entertained or inspections by high officials take place, any necessary extra kit is temporarily obtained on loan from the Government Stores. For the use of this building Colonel Jones will, in future, be charged Re. 1 per day.

9. (*c*) *Convicts employed by Colonel Smyth.*—This officer is also the Inspector-General of Prisons. The convicts, it is reported, work in his general and plague offices, clean the stables occupied by the clerks, ponies, etc., and water the plants in his compound. This service is objectionable and it will at once be discontinued.

10. (*d*) *Free dak at the disposal of Colonel Jones for accompanying guests to the Stud Farm.*—Colonel Jones always pays for daks when he uses them for himself, but he does not pay for the same when he travels in the same carriage with a guest, because he pays for his kit, servants, baggage, etc., sent ahead. In order, however, to obviate his drawing the full rates of travelling allowance admissible under the Regulations in such cases, it will be laid down that travelling allowances should be drawn under Article 999 (i) of the Civil Service Regulations, in all cases in which he is supplied with the means of locomotion at State expense.

11. (*e*) *Fixed travelling allowance of Rs. 100 to Major Lotbiniere.*—The circumstances under which this allowance was granted to Major Lotbiniere have been explained in para 2 of my letter No. 106, dated the 4th August 1904. I am now to request that the formal sanction of the Government of India may kindly be obtained for the same.

12. The above disposes of all easements enjoyed by lent officers as entered in the statement and which require special report. There are no cases of servants having been sanctioned at State cost for rendering private service to lent officers.

13. Two other matters remain to be mentioned, and the first is the supply of free food, free conveyances and free quarters to Government officers invited to Mysore as State guests.

According to standing practice Government officers are invited to Mysore as State guests for about 3 days in connection with His Highness' Birthday Ceremonies and for over a week during the Dasara holidays. Under the practice in force, all the officers, whether lent by the Government of India or not, are entitled to draw travelling allowances and daily allowances at prescribed rates in addition to the free supply of food, conveyance and accommodation at State expense. Though this may not be strictly admissible under the rules as far as lent officers are concerned, the Durbar would nevertheless regret any course that would savour of a contraction of the usual hospitality which His Highness the Maharaja is always desirous of showing towards his guests on such occasions. If, however, the drawing of travelling allowance at full rates and of daily allowances by such officers when invited as State guests, is considered open to objection, then the Durbar suggest that it is sufficient to lay down that, in the case of lent officers, no daily allowances should be permitted for the number of days of stay in Mysore and that only actual travelling allowances should be granted subject to a maximum of the amount admissible under ordinary rules.

14. The other matter relates to the acceptance of fees for setting questions and valuing the answer papers at the Mysore Local Service and Pleaders' Examinations. In view of the provisions of Article 74 of the Civil Service Regulations, and of the fact that the remuneration is really met out of fees recovered from candidates, the Durbar do not apprehend that there can be any objection to a lent officer accepting the same; they would, however, be glad if express sanction of the Government of India can kindly be procured enabling this Government to deal with such cases without specific reference in each case. It may be mentioned that Mr. Bass has made a reference to this office regarding his acceptance of a fee of Rs. 73 recommended to him by the Board of Examiners in connection with the last examination.

*Re* allowances and emoluments of officers lent for employment in Native States under Foreign Service Rules.

*Letter No. 158, dated Ootacamund, 13th April 1906, from Lieutenant R. J. W. Heale, I. A., Tutor to the Yuvaraja of Mysore, to B. K. Venkatavarada Iyengar, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, Bangalore.*

**Serial No. 33.**

In continuation of my letter No. 50, dated 29th November 1905, in answer to Government Confidential Proceedings No. 2096-2116—G. M. 123-05-2, dated 26th October 1905, I regret to state that I omitted to mention that I have on two occasions enjoyed the use of tents while on tour once with His Highness the Maharaja and once with my pupil the Yuvaraja.

I now respectfully beg to represent that it would be unreasonable to expect me to keep up tents at my own expense for tours which are rare in occurrence and so rapid in movement that the use of three or four sets of tents is involved.

Under the circumstances, I have the honor to request that the sanction of the Government of India may be obtained to my using tents, the property of the Durbar, when on tour with the Yuvaraja.

*Letter Pol. No. 834, dated 19th April 1906, from the Secretary to Government, General and Revenue Departments, to the First Assistant to the Hon'ble the Resident in Mysore.*

**Serial No. 35**

In continuation of this office letter No. Pol. 781, dated the 28th March 1906, regarding the emoluments drawn and the easements enjoyed by British Officers lent to the State, I am directed to address you with regard to an omission, *viz.*, the use of tents by Lieut. R. J. W. Heale, Tutor to the Yuvaraja, Serial No. 4 of the statement forwarded with the letter cited above. Lieut. Heale now reports that on two occasions, he used Government tents while on tour once with His Highness the Maharaja and once with the Yuvaraja. Lieut. Heale represents that it would be unreasonable to expect him to keep up tents at his own expense for tours which would be rare in occurrence and so rapid in movement that the maintenance of three or four sets of tents would become necessary. The Durbar consider that Lieut. Heale's case is similar to that of Mr. E. Maconochie and deserves, therefore, similar treatment. I am to request, therefore that the sanction of the Government of India may kindly be obtained to Lieut. Heale using tents, the property of the Durbar, when on tour with the Yuvaraja.

*Letter No. 47 C, dated Camp Ootacamund, 21st April 1906, from R. C. H. Moss-King, Esq., I.C.S., First Assistant to the Resident in Mysore, to the Dewan of Mysore.*

**Serial No. 37.**

I am directed to acknowledge the receipt of Mr. Venkatavarada Iyengar's letter Pol. No. 781, dated the 28th March 1906, forwarding a statement showing the emoluments and easements of British Officers lent for employment in the Mysore State under Foreign Service Rules.

2. It is observed that the grant of travelling allowance is regulated in the case of some of these officers by the Civil Service Regulations and in the case of others by the Mysore Service Regulations, and it is indicated in the Durbar's letter that the provisions of these two Regulations in this respect are practically the same and that the existing practice in Mysore may therefore be continued. As regards this proposal, I am to point out, in the first place, that the orders of the Government of India conveyed in my letter No. 5599, dated the 28th September 1905, are imperative in that they permit a lent officer to draw travelling allowance only under the ordinary rules of the Civil Service Regulations and, secondly, the provisions of the Mysore Regulations are far more liberal than those of the Civil Service

Regulations and admit of the grant of concessions which are ordinarily inadmissible in British India. For instance:—

(*i*) Carriages and Motor cars can be conveyed at public expense under Article 518 A of the Mysore Service Regulations by certain class of officers, a privilege which is not ordinarily allowed even to high officers of State in British India, where the conveyance of camp equipment (which does not include carriages) and horses has to be sanctioned in each case under Articles 1000 and 1001 of the Civil Service Regulations.

(*ii*) When Government tents are used partly for office and partly for private purposes, the officer so using them may, under Article 538 (c) of the Mysore Regulations, pay either half the cost of carriage or a rent of one rupee a day for a larger, and half a rupee a day for a smaller tent, whichever is less; whereas in British India the officer has no option but to pay half the cost of carriage as laid down in Article 1042 of the Civil Service Regulations.

(*iii*) Road mileage for marches of less than 20 miles a day is admissible under Article 562 of the Mysore Regulations, a concession which is not provided for in the Civil Service Regulations.

3. Various other provisions in the Mysore Regulations pointing to a more liberal tendency in the matter of travelling allowance might be cited, but this seems hardly necessary for the present purpose; for, apart from the explicit wording of the instructions of the Government of India referred to above, the essential consideration to be borne in mind is that a Government Officer lent for employment in a Native State can receive only such remuneration as has been fixed by the Government of India at the time of his appointment to serve in the Native State, and this object would be defeated, even if the provisions of the two Regulations were at present identical (which they are not), since it is necessarily within the competence of the Durbar to alter their Regulations from time to time to suit the general requirements of their own service. As, therefore, the proposal of the Durbar will, if adopted, thus contravene the general principles laid down by the Government of India, the Resident regrets that he is unable to make any representation on the subject, and I am to request that very early action may be taken to regulate the travelling allowance of all lent officers under the ordinary rules contained in Part XI of the Civil Service Regulations, if this has not been done already.

4. Such rules provide for, among other privileges, (a) the supply of Government tents (Article 1042 and (b) the grant of increased rates of daily allowance and mileage for travelling in special localities (Articles 1139 and 1140. As regards (a) the Resident will be glad if the Durbar will favour him with a list showing the names of lent officers to whom they are prepared to supply tents, together with the description and the number of tents proposed to be allowed in each case. Officers to whom Government tents are supplied should, unless otherwise directed by the Government of India, conform to the provisions of Article 1042 (b), the Civil Service Regulations, in regard to the adjustment of cost of carriage of such tents.

With reference to (b), the Durbar may, subject to the approval of the Government of India, fix for lent officers such special rates of daily allowance and mileage as they think fit in respect of such localities in Mysore as may be selected. If the Government of Mysore have no objection, the Resident is inclined to propose that the special rate now admissible under Article 603 (a) of the Mysore Service Regulations, *viz.*, 50 per cent over the ordinary rate, should be applied and considered to be fixed under Article 1139 of the Civil Service Regulations (subject to the provisions therein mentioned) for journeys of lent officers in the Kolar Gold Fields and in the Malnad tracts specified in Article 602 of the Mysore Regulations.

5. (*i*) As regards conveniences unconnected with question of travelling allowances, the Durbar's letter refers to—

(*a*) the supply of transport ponies and State carriages on hire,

(*b*) the use of the staff quarters at Mysore and the Stud Farm Cottage at Kunigal,

(*c*) the employment of convicts,

(*d*) the provision of free dak to Colonel Jones when accompanying State guests to the Stud Farm,

(*e*) the easements of lent officers invited to Mysore as State guests, and

(*f*) the payment of fees for services in connection with the Government Local Examinations.

(*ii*) As regards (*a*), I am to enquire whether the Government carriages and ponies are habitually and continuously used by the lent officers concerned, under special arrangement or only occasionally on paymentrof rates for the day or part of the day in accordance with the geneal rules issued by the Durbar on 12th June 1905. Information is also requested as to the hire paid for such carriages, horses and riding ponies in each case.

(*iii*) The arrangements made by the Durbar in respect of (*b*), (*c*) and (*d*) seem suitable, and no further action is necessary.

(*iv*) With reference to the questions involved in (*e*), it appears to the Resident objectionable in principle to allow officers going to Mysore for the Maharaja's Birthday Races, purely on pleasure, as His Highness' guests, to draw any travelling allowance for the visit. As regards attendance at the Dasara, if the officers have any duty in connection with the Representative Assembly or arrangements connected with the Dasara festivities, they might charge ordinary travelling expenses, but not halting allowance, if they enjoy the privilege of being the guests of His Highness.

(*v*) With reference to (*f*), it is presumed that the funds of the Local Examinations are administered by the Durbar. In that event the remuneration of lent officers for services in connection with these examinations should, in Mr. Fraser's opinion, be regulated by the provisions of Article 72 of the Civil Service Regulations, the sanction of the Government of India being obtained to the payment of sums exceeding Rs. 500 in each case.

6. Turning to the cases of individual officers, it will probably be sufficient to provide Mr. Maconochie with tents whenever he needs them for his personal accommodation during the tours of His Highness the Maharaja. Such tours being admittedly very brief and occurring at rare intervals, four sets of tents need not always remain with him. A separate communication will be made as regards the recovery of the cost of carriage of such tents.

7. The Resident does not propose to consider the question of the grant of fixed travelling allowance to Major Lotbiniere unless or until he returns to Mysore. The allowance of free quarters to Mr. Thomas has not been sanctioned by the Government of India and a recommendation on the subject will be made on the receipt of the Durbar's reply to the present communication.

*Re* allowances and emoluments of officers lent for employment in Native States under Foreign Service Rules.

*D. O. No. 52 C., dated Ootacamund, 23rd April 1906, from Mr. S. M. Fraser, to Mr. Madhava Rao.*

Will you kindly refer to paragraph 5 (iv) of Mr. Moss King's Serial No. official letter, No. 47 C., dated the 21st instant, conveying my views as to the grant of travelling allowances to lent officers invited to Mysore as Sir guests in connection with His Highness' Birthday and the Dasara.

2. I would suggest that the Durbar might well consider the propriety of gulating on similar lines the grant of travelling allowances to other Durbar guests European as well as Indian, who enjoy the privilege of being the guests of Highness on these occasions.

---

*D. O. dated Mysore, 9th June 1906, from Mr. K. S. Chandrasekhara Aiyar, to Lieutenant Colonel R. G. Jones.*

The Hon'ble the Resident has asked for information as to "whether Government carriages and ponies are habitually and continuously used by lent officers (*i.e.*, British and Indian officers lent to Mysore) under special arrangements or only occasionally on payment of rates for the day or part of the day in accordance with the general rules issued by the Durbar on 12th June 1905."

Information has also been called for as to the hire paid for such carriages horses and riding ponies in each case.

In sending you for reference and obliging return a list of the lent officers now in Mysore Service, may I request you to kindly furnish me with the required information specially in each case for communication to the Residency.

READ:—

Government Order No. G. 2096-2116—G. M. 123-05-2, dated the 26th October 1905, communicating to all officers concerned, the orders of the Government of India in regard to the emoluments and easements of British Officers lent to the Mysore State for employment under the Foreign Service Rules, with the direction that those orders must be given effect to absolutely and without reservation, any representation necessary in individual cases being made the subject of a separate reference. **Serial No. 48.**

Correspondence ending with letter Pol. No. 781, dated the 28th March 1906, from the Secretary to Government, General and Revenue Departments, to the First Assistant to the Hon'ble the Resident in Mysore, forwarding a statement comparing the emoluments drawn and easements enjoyed theretofore by lent officers with those specifically sanctioned by the Government of India or admissible under the British Civil Service Regulations, and explaining the circumstances connected with the grant of certain easements.

*Letter No. 47-C, dated the 21st April 1906, from the First Assistant to the Hon'ble the Resident in Mysore, in reply to the letter last read.*

No. G. 6171-94—G. M. 123-05-48, DATED 18TH JUNE 1906.

ORDER THEREON.—As a result of the reference made to the Hon'ble the Resident in regard to certain points connected with the emoluments and easements of lent officers, the Government are pleased to make the following observations for the guidance of all concerned.

2. The travelling allowances of all lent officers should be strictly regulated under the ordinary rules contained in Part XI of the Civil Service Regulations, and no exception or deviation should be allowed, as already directed in para 2 of the order of 26th October 1905. A separate reference will be made to the Hon'ble the Resident in regard to the authority by which the powers of a Local Government under the said regulations should be exercised in relation to lent officers.

3. Officers to whom Government tents are supplied should, unless otherwise directed by the Government of India, conform to the provisions of Article 1042 (b) of the Civil Service Regulations in regard to the adjustment of the cost of carriage of such tents.

4. A fee of two rupees per day will be charged for the use of the staff quarters at Mysore by Colonel Smyth, Colonel Jones, Mr. McHutchin, and any other lent officers who may occupy furnished rooms therein. Similarly Colonel Jones will be charged a fee of a rupee a day for the use of the Stud Farm Cottage at Kunigal.

5. Orders have already been issued in regard to the discontinuance of the employment of convicts for work in the compound and offices of the building occupied by Colonel Smyth.

6. In all cases in which Colonel Jones is supplied with the means of locomotion at State expense, travelling allowances will be drawn under Article 999 (i) of the Civil Service Regulations.

7. Lent officers going to Mysore for His Highness the Maharaja's Birthday Races as His Highness' guests will not be paid any travelling or halting allowances for such visit, their actual travelling charges being defrayed by the State. If such officers have any duty to perform in connection with the Representative Assembly or arrangements connected with the Dasara festivities, they may charge ordinary

travelling expenses, but not halting allowance, if they enjoy the privilege of being the guests of His Highness.

8. As the funds of the Mysore Local Service and Pleadership Examinations are administered by Government, the receipts and payments being shown in the public accounts as State Revenue and Expenditure, the remuneration of lent officers for service in connection with these examinations should be regulated by the provisions of Article 72 of the Civil Service Regulations. The sanction of the Government of India will be obtained for the payment of sums exceeding Rs. 500 in each case.

*Letter No. Pol. 1005—Enclosure 4, dated Bangalore, 18th June 1906, from K. S. Chandrasekhara Aiyar, Esquire, B.A., B.L., Deputy Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, to R. C. H. Moss-King, Esq., I.C.S., First Assistant to the Hon'ble the Resident in Mysore.*

**Serial No. 49.**

With reference to your letter No. 47C., dated the 21st April 1906, communicating the observations of the Hon'ble the Resident in regard to the emoluments and easements of British Officers lent for employment in the Mysore State under Foreign Service Rules, I am directed to state as follows :—

2. A copy of the order issued by the Durbar in regard to points on which a final decision has been reached as the result of the previous correspondence is forwarded for the information of the Hon'ble the Resident.

3. It will be seen from the order referred to among other things, that the audit officers have been directed to deal with the travelling allowances of all lent officers under the ordinary rules contained in Part XI of the Civil Service Regulations.

It is presumed that in the cases noted below the powers reserved to a local Government under the rules in Part XI of the Civil Service Regulations may be exercised by the Government of His Highness the Maharaja in respect of lent officers :

i. To authorize exchange of permanent travelling allowance (Article 1045).
ii. To decide point of commencement and end of journey (Article 998).
iii. To declare shortest route between any two stations (Article 996, *b*).
iv. To determine the rate of deduction from travelling allowance when the means of locomotion are provided by the State (Article 999, ii).
v. To exempt officers from the ten days' halt rule (Article 1056).
vi. To grant actual expense for keeping up camp equipage for halt at headquarters (Article 1059).
vii. To grant actual expenses of maintaining camp to an officer compelled to leave it in case of sudden emergency (Article 1061).
viii. To increase daily and mileage rates in special localities (Article 1139).

Allowances and emoluments of officers lent for employment in Native States under Foreign Service Rules.

ix. To permit travelling allowance by other than the shortest or cheapest route (Article 997).

x. To sanction carriage of camp equipment and horses by rail (Article 1000).

xi. To prescribe limitations regarding carriage of camp equipment and horses by rail (Article 1001).

xii. To prescribe scale of tents (Article 1042, a).

The provisions of Chapter XI relating to the above matters could, whenever the [ne]cessity was felt, no doubt, be supplimented by the Government of India by [or]ders of a general character; but the power to apply these provisions to, and decide [cl]aims in, individual cases should, the Durbar think, rest with themselves in the [in]terests of despatch of business and convenience.

4. One other point to be settled in this connection is the rate of travelling [al]lowance to be paid to certain officers. Public Works officers are generally permitted to draw the pay of the grade next above that to which they belong. Under that ruling, or on the ground of their holding the posts of Chief Engineer and Superintending Engineer, Mr. McHutchin and Mr. Whiteley draw Rs. 7-8-0 and Rs. 6-0-0 a day, the rates fixed for the officers of corresponding rank in British Service, while they are entitled to only Rs. 6 and Rs. 5 respectively, on their status proper in the British Service. Accordingly Captain Traill, Superintending Engineer, who is entitled to only Rs. 5 a day as First Class Officer in the British Service, draws Rs. 6 as Superintending Engineer here.

Mr. Muthanna, Conservator of Forests in Mysore, also draws the same special rates of travelling allowance as are prescribed for the Conservator in Madras, while he is entitled to ordinary rates admissible to First Class Officers in British Service. The Durbar think that these officers may continue to draw travelling allowance at the rates appropriate for the rank they hold in Mysore.

5. As regards the supply of tents, the Durbar consider that the scale prescribed in this respect for officers of the Mysore Government in Article 538 of the Mysore Service Regulations is suitable and may be adopted in the case of lent officers also.

A statement showing the number of tents actually used by the various lent officers now in Mysore, together with the measurements and estimated value thereof, is forwarded in the form prescribed by the Madras Government (*Vide* lists furnished with your letter No. 1596, dated the 12th March 1906).

6. With reference to the grant of increased rates of daily allowance and mileage for travelling in special localities, I am to state that the Durbar agree that the special rates of daily allowance prescribed in Article 603 of the Mysore Service Regulations, *viz.*, 50 per cent over the ordinary rate, may be adopted for journeys undertaken in the Kolar Gold Fields and in the Malnad tracts, subject to the limit mentioned in Article 1139 (*i*) of the Civil Service Regulations.

7. The terms on which lent officers are allowed to hire Government carriages or Transport riding ponies are exactly the same as those enforced in the case of officers who belong entirely to the State Service, as shown in the rules on the subject copies of which are enclosed for information. The specific information asked for in para 5i (*a*) of your letter has been called for from the Military Assistant and will be furnished on receipt of that officer's reply.

8. The separate communication promised in regard to the scale of tents to be used by Mr. E. Maconochie and Lieutenant R. J. W. Heale, while on tour with His Highness the Maharaja and the Yuvaraja respectively, and the recovery of the cost of carriages of such tents is awaited.

## RULES FOR THE LOAN OF GOVERNMENT PONY VICTORIAS.

1. The loan is restricted to Officers of the Mysore Government. (As the carriages are not numerous the loan will be further restricted to Officers of high standing.)

2. Applications should reach the Military Assistant at least 24 hours before the carriage is required.

3. Carriages will be lent subject to the requirements of His Highness' Government Guests and the efficiency of the Transport Corps at the discretion of the Military Assistant.

4. The use of Government carriage is a concession and cannot be claimed as a right. Further the Government will not be responsible for any accidents whatever arising from the use of the same.

5. Carriages can only be hired by the day (not by the month).

6. Daks outside Cantonment will not be furnished without special permission of the Dewan.

7. The following rates will be charged :—

| | | | |
|---|---|---|---|
| Annas | 8 per pony if taken between | 6 A.M. | and 12 noon. |
| Annas | 8 do | do | 12 noon and sunset. |
| Annas | 12 do | do | sunset to midnight. |

irrespective of the period actually in use.

It is noted for information that there are no single horse or pony carriages.

DATED CAMP MYSORE,
*12th June 1905.*

R. G. JONES, LT.-COL.,
*Military Assistant.*

## RULES FOR THE GRANT OF TRANSPORT PONIES TO OFFICERS AND OFFICIALS OF THE MYSORE GOVERNMENT.

1. Officers will be allowed the use of one or two ponies on condition of their paying for their keep and Rs. 4-0-0 a pony per mensem. Payments to be made in advance on the 1st of each month and no broken periods allowed.

2. The ponies must be kept in good condition and receive daily at least 2½ measures (Raw) *Kulthi* with a proper allowance of Grass.

3. All ponies if required for Transport or other Government Service are liable to be withdrawn at once.

4. If the Officer in charge of the Transport finds that any ponies are in bad condition or temporarily lamed or look as if they were neglected, he may order them to be withdrawn at once and the party concerned to pay for their keep till they are got into condition again.

5. In the event of its being proved to the satisfaction of the Commandant that a pony has died, been lamed, or otherwise rendered useless for the service by reckless riding or driving, the party concerned will be liable to pay the price of the pony, *viz.*, Rs. 250 minus the price fetched by the pony at auction, or a less sum than Rs. 250, to be fixed at the option of the Officer Commanding the Corps; and in any case in the event of a pony dying when on hire from any disease, the hirer will be fined the sum of Rs. 125.

6. No clothing or line gear will be supplied with the ponies.

7. Applications for ponies to be made to the Officer Commanding the Imperial Service Transport, and applicants must intimate their acceptance of the above conditions before the pony is handed over to them.

**Re allowances and encumbrances of officers Native States under Foreign Service Rules.**

| | | |

8. The price of Transport ponies is about Rs. 250. Should an officer wish to [p]urchase a pony belonging to the Corps, he can do so for Rs. 400, provided the [O]fficer Commanding has no objection.

9. If any one not an officer of Mysore Government wishes to purchase a pony [a] pony so desired will be advertised for a week before sale and put up to auction [o]n upset price of Rs. 400 when the highest bidder can take the animal.

10. It must be distinctly understood that the option of selling or letting out [o]re remains with the Officer Commanding the Corps. This is necessary to [p]revent breaking up of pairs which have been trained together or the removal of [p]onies belonging to Non-Commissioned Officers, etc.

Ponies, except with the special permission of Government, will not be [s]old to any but Mysore officials.

*[N]o. 100, dated Mysore, 11th June 1906, from Mr. K. S. Chandrasekhara Aiyar, to Lieutenant-Colonel R. G. Jones.*

I am sorry I have again to trouble you in regard to the use of Government transport and carriage by lent officers. **Serial No. 51.**

The Residency want *specific* information in the case of *each* lent officer as to [w]hether he has habitually and continuously been using the above convenience, or [o]ccasionally on hire for a particular day or days. They will not be satisfied [w]ith my saying in a general way that lent officers are treated exactly like other [o]fficers of the Mysore Government.

To give an idea of the information that the Residency want, I enclose a state[m]ent with columns left blank for each of the calendar years 1904, 1905 and 1906 [i]n which have to be respectively entered against each lent officer the dates on [w]hich he used Government transport and carriages, the total number of days at a [t]ime and the amount of hire paid for such use.

[G]ive below an example of the entries required :—

| Name | 1905 | | | Remarks |
|---|---|---|---|---|
| | | | Rs. | |
| [Z] ... ... | 1. From 15th May to 21st May 1905 ... | 7 days ... | 14 | |
| | 2. From 7th June to 8th June 1905 ... | 1 day ... | 2 | |

I know the preparation of a statement like this is a bit of a nuisance and I [c]annot say exactly what the Residency want the information for. But probably they [w]ant to ascertain for themselves that there is no "easement" lurking in the inno[c]ent transaction of hiring Government conveyances!

Will you therefore very kindly excuse the trouble and ask your office to let me [h]ave the statement back with the entries filled in, as early as practicable?

*Re* allowances and emoluments of officers lent for employment in Native States under Foreign Service Rules.

*Letter No. Pol. 1044—Enclosure 1, dated Bangalore, 30th June 1906, from the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, to R. C. H. Moss-King, Esq., I. C. S., First Assistant to the Hon'ble the Resident in Mysore.*

**Serial No. 54.** With reference to para 5 (ii) of your letter No. 47C, dated the 21st April 1906, and in continuation of para 7 of this office letter No. Pol. 1005, dated the 18th June 1906, I am directed to forward herewith a statement showing the extent of the use of Government transport carriages by lent officers during the years 1904, 1905 and 1906 from which it will be seen that in the generality of cases the carriages are used only occasionally on payment of rates for the day or days in accordance with the general rules issued by the Durbar on the 12th June 1905.
